

Career Avenues & Opportunities in B.Sc.

The Department of Science of VPM's R Z Shah College of Arts, Science and Commerce organized a webinar on "Career Avenues & Opportunities in B.Sc." on 29th July, 2021 at 5:00 pm. The session was hosted on Zoom platform and was also live streamed on YouTube and more than 80 participants attended the session.

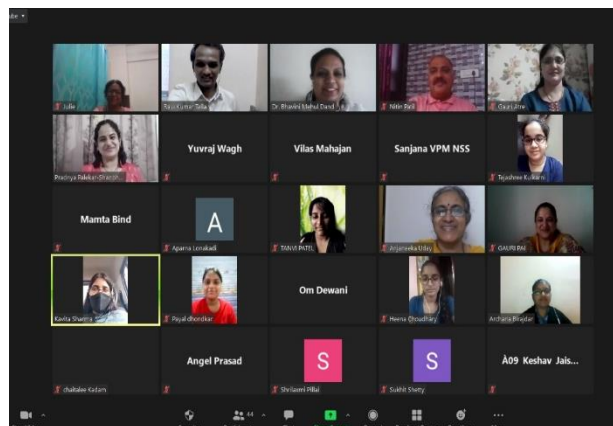

Speaker of the webinar was Dr. Mrs. Pradnya Palekar Shanbhag, Professor and HOD, Oriental college of pharmacy. She has more than 20 years of teaching experience and also an approved research guide in Pharmaceutics.

The webinar started with a welcome address by Adv. Mrs. Gauri Pai, Assistant Professor. The brief introduction about the college was given by Mr. Nitin Patil, Assistant Professor in Physics. Mrs. Kavita Sharma, I/C Principal addressed the gathering with her motivational speech. Dr. Bhavini Dand, Assistant Professor in Chemistry introduced the guest speaker to the audience and the speaker was felicitated by virtual bouquet.

Dr. Mrs. Pradnya Palekar Shanbhag gave a brief introduction about various career and job opportunities in B.Sc. She used real life examples to spark students' interest

in pursuing a bachelor's degree in Science. She also advised students on future opportunities after they finished their BSc. In addition to MSc and PhD, she suggested that students can pursue MBA, MMS and PGDM in marketing. She explained students various reasons to choose BSc as career as it has good employment opportunities, excellent earning potential, outstanding career avenues and many more.

After the wonderful session by the speaker, the brief introduction about “Bridge course for Science students” was given by Mr. Ravikumar Talla, Assistant Professor in Chemistry. Mrs. Gauri Atre, Assistant Professor in Mathematics continued with the question and answer session. All the queries were answered by the speaker. The program ended by vote of thanks by Mrs. Julie Jenita. Assistant Professor in Mathematics. Feedback was collected from the students.
