## REPORT

NSS unit of VPM's R Z Shah College has organized a Drugs Abuse awareness event at the college auditorium. At the outset, we were provided with information about drug abuse as a complex and pervasive societal issue that transcends geographical, cultural, and socioeconomic boundaries. This report delves into various dimensions of drug abuse, including its causes, consequences, preventive measures, and the role of stakeholders in mitigating this public health concern.

The given definition and scope of drug abuse are as follows: Drug abuse, also known as substance abuse, refers to the harmful or hazardous use of psychoactive substances, including illicit drugs and the misuse of prescription medications. This report primarily focuses on the abuse of substances such as opioids, stimulants, cannabinoids, and hallucinogens.

We received information about causes, which include aggression, mental issues, etc.

In conclusion, we were provided with information on the risks and causes associated with drug abuse.
