Description of the Event

On 16th January 2025, students of FY,SY,TY visited P. D. Hinduja Hospital, Mahim West as a part of an industrial visit organized by our college. The visit included a comprehensive lecture detailing the hospital's operations, its contributions to healthcare, and the integration of advanced medical technology in patient care. Students were given a guided tour of various hospital departments, where they observed the functioning of state-of-the-art medical equipment and facilities. The hospital staff provided detailed explanations of the diagnostic, therapeutic, and administrative processes, offering valuable insights into the healthcare system.

Additionally, career opportunities in healthcare for students from diverse fields such as IT, Biomedical Engineering, and General Science were discussed. The session highlighted the growing demand for skilled professionals in healthcare management, medical technology, and allied fields.

P. D. Hinduja Hospital, a premier multispecialty hospital, has a legacy of delivering excellence in healthcare. Established in 1951, the hospital is recognized for its cutting-edge medical infrastructure and patient-centric approach. It has been at the forefront of adopting innovative practices and technologies to improve healthcare outcomes.

This visit provided students with practical exposure to the workings of a modern hospital, bridging the gap between academic knowledge and real-world applications. It also inspired students to explore career prospects in the healthcare industry, emphasizing the importance of interdisciplinary collaboration in advancing medical science and improving patient care.
