Library Website.

Give some observations / suggestions to improve the overall teaching – learning experience in your institution.

Integrate technology tools such as educational apps, online platforms, and multimedia resources to make learning more dynamic and accessible, catering to diverse learning styles. and institute student app need to be upgraded....!!!

UPSC syllabus should be included in the college library

All the teachers are good in teaching and they always clear the concepts with students

More mock interviews should be provided by the college which really helps in soft skills(IT/CS department)

Change the blackboard in class instead use white board or green board because of sunlight we can't what written in the board properly

Inculcate the use of current affairs and various curriculum related anecdotes to make the lectures even more interesting and relatable.

Some more career guidance seminars should be conducted

Excellent teaching all teachers are very helpful and understanding to students

Library should have updated versions of books

It would be great if college promotes more internship programmes

More books of BAMMC from different publications like Sheth, Vipuls and Lakdawala of new syllabus needed

It's good college to get an opportunity to learn from the experienced teachers and having the guidance of them .

Teachers are very supportive

Interact more with students & involve more IT/industrial companies for practical experience of students. More improvement requires for the soft skill/communication/public speaking etc.

Excellent College with Supportive Teachers and Staffs

The learning experience is really good , All teaching staff are take lot of efforts to make subject easier for student, they provide proper notes , or proper explanation of concept or a subject.

Library staff can be a little nicer

Needs some visits to media or industry sector

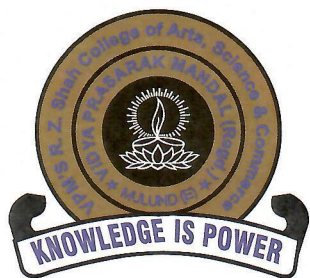

Use different activities in class videos, discussions, lecture, groups, guest speakers, teamwork. Use different assignment methods written, oral, projects, etc so as to engage as many ways of learning as possible.

Teacher are teaching good and explain everything step-by-step. In also explain 2 language 1. English, 2. Hindi. Because students are understand that concept and how to use that concept on that situation.

Action Taken Report on Student Satisfaction Survey 2023-24

In general, the overall feedback on lecture delivery, syllabus completion, departmental activities was positive and ranked good.

- 1) All teachers were instructed by Head of Departments to conduct tests on regular basis as part of the Continuous Internal Evaluation (CIE).
- 2) To ensure availability of adequate books in the library, teachers were asked to provide their reference book requirements to the library in advance. They were also asked to recommend books from different publications as per the new syllabus.
- 3) Based on feedback received from students, teachers were asked to incorporate necessary changes to make teaching learning process more effective. For delivering lectures for practical based subjects like Maths and Accountancy teachers were instructed to combine both traditional teaching methods and Powerpoint presentations.
- 4) Smart boards were upgraded with latest configuration to ensure smooth functioning.
- 5) Teachers were asked to make lectures interactive by way of incorporating activities like role plays, extempore, group discussion etc.
- 6) Considering the feedback of students many soft skill enhancement sessions were conducted.
- 7) The library staff was instructed to maintain a polite and respectful tone when interacting with students.
