MESSAGE FROM CHAIRMAN

I am extremely happy to know that the 18th Annual issue of VPM's R Z Shah College Digital magazine VISTA is to be released. Our college has completed 18 glorious years. Despite the pandemic situation our students have brought laurels to the college by achieving great strides through their participation in various academic and extra-curricular activities. Our students have displayed their talent in the Intra, Inter Collegiate and University level online competitions.

I appreciate the efforts of NSS team of our college for their contributions to the society through the blood donation camp at Mulund Station, taking care of stray animals and providing them food and protection the whole year in the program "Voice to the voiceless" in these difficult times.

The pandemic situation and lockdown did not slow down the spirit of our faculties. The academic drive of imparting knowledge was carried on through the online mode. College conducted many online workshops, webinars, Alumni meet, and Annual day. I also congratulate the entire College team for hosting the First International E- Conference on the theme "Post-covid Challenges in Education, Industry and Digital Economy."

I take this opportunity to extend my greetings and wishes to all our students and teachers for their future endeavours.

PROF. P M KAMATH

CHAIRMAN

VIDYA PRASARAK MANDAL

MESSAGE FROM HON. GEN. SECRETARY

My dear Students, Parents & Teaching & Non-teaching Faculty
of VPM's R. Z. Shah College, Mulund,

The year 2020-21 has been one of the most tumultuous periods ever faced by the world in the 21st Century. The massive scale of pandemic spread in all corners of India and the globe has changed our lives completely and has tested not only the country's medical infrastructure but also the economy and lives of its citizens considerably.

The student community has borne the impact maximum as they were deprived of physical learning and healthy interactions with fellow students and faculty. The learning process has been more passive and internal than direct and interactive learning. Many of the students who could not get complete support of online learning were forced to depend on personal learning. However, as they say, the extreme challenges bring out the best in us and strengthen our adaptability to the new and focussed learning process, while maintaining our good health and protection from the deadly virus.

The College has also seen a significant overhaul in the last 1 to 2 years both in conducting the learning process but also in the administration and management of college activities. In the last year, the process of getting an Internal Quality Assurance Certificate (IQAC) for the college and computerization of administrative and academic activities picked up the pace and are in the advanced stage of implementation and completion.

The change of guard at the helm at both levels in terms of management (through active Trust members support) and the Head of Institution have augured strong positive impact for the college to grow qualitatively and for the betterment of students' career.

It is notable to highlight here that with the active support of the Trust management, many professional-oriented courses for the students passing out from the college have been initiated recently. It is expected that students will take advantage of this and ensure better employment opportunities for themselves and recommend to their peers outside the college as well.

Another major initiative of the Management has been to strengthen the physical infrastructure utilizing the time during the pandemic lockdown. Not only the building is undergoing a revamp both in presentation and sustainability, but also in other facilities, such as better connectivity, IT infrastructure, etc.

I am sure, with the active involvement and commitment from the charged up Faculty, the college will improve its brand in not only Mulund as one of the preferred colleges, but also in the surrounding area in the Eastern Suburbs. Wishing the students and Faculty all the best for the new academic year 2021-22.

FROM THE PRINCIPAL'S DESK

The most important part of education is to inculcate in the students the spirit of We can do it.

- APJ Abdul Kalam

With great pleasure, I present to you the 'VPM-VISTA' our first annual digital College Magazine which besides showcasing the talent and creativity of the students also depicts the enthusiasm, vibrancy, and momentum our College has gained.

VPM's R Z Shah College of Arts, Science & Commerce, has made a well structured and improvised effort in carving a niche amongst other colleges in Mumbai whilst keeping pace with the technological advancement in the field of academics. There has been a considerable emphasis on infrastructural and technological improvements to meet the growing demands of modern education which have further rekindled a spirit of curiosity and inquiry.

The world we live in today looks very different than the one we knew a year ago. The transition from real to virtual has not been an easy task to achieve.

I am very proud of our college which successfully transitioned to a digital learning platform almost immediately upon the announcement of the lockdown. This would not have been possible without the hard work of our Teaching and non-teaching staff and the leadership of our dedicated management, who rose to this tremendous challenge.

In these testing times, we have tried to reach out to each of our students through our academic and extra-curricular online activities. We have also collaborated with various training Institutes to make our students Industry ready. Our robust training and placement cell has provided our students with Internships and placed many students in corporate jobs.

I am sure that our College will continue to grow from strength to strength with supportive Management, proactive students, their parents, and alumni.

My compliments to the editorial team, technical team, and all the contributors for the efforts put into the creation of this digital magazine.

Mrs. Kavita Sharma

FROM THE VICE PRINCIPAL'S DESK

The ongoing pandemic had outlived people's expectations of early relief and has continued to create havoc in day-to-day life. Many lives and livelihood lost, enduring overstretched confinement with traveling nearly curtailed, has been all distressful experience for one's acceptance.

Amidst all the gloomy scenarios, digital technology has been the blessing which we all deserved in these unprecedented days. Internet-driven social networking tools keep the communication going between separated friends and relatives, procurement of day-to-day essentials through online shopping sites and conducting online meetings, lectures, webinars, etc. are made possible.

Our college too had to rise to the occasion and embark on the online path. Here I am proud to state we were one of the "early beginners" as our primary objective was a faster adaptation to the new way of teaching and learning to ensure smooth completion of forthcoming academic sessions. College teachers and other staff members were trained by encouraging participation in online training sessions in the initial phases as most of us teachers were not exposed to the technology available for conducting, recording lectures, and marking attendance.

Subsequently, online lectures got started with good participation of the students followed up by online practicals and also exams. Not to miss out on the extracurricular activities in the current academic calendar due to the pandemic, cultural activities were also encouraged on online platforms. It would be prudent to state the pandemic has propelled a leap into the future of the online digital arena.

Vidya Prasarak Mandal's Ramniklal Zaveribhai Shah College of Arts, Science & Commerce has completed 16 years in the field of higher education. Starting with B Com., BSc (IT) courses in 2003, today it offers BA, BSc, and self-finance courses B Com (B&I), B Com (B&F), BMS, BAMMC, BSc (CS).

The college has students' strength of 2033, pursuing traditional and self-financed undergraduate courses under the guidance of qualified teachers, who are pillars of the institution. We have 4 Ph.D. teachers, 11 NET-SET qualified teachers working in various departments. In all, the college has 41 full-time teachers and 21 non-teaching staff.

The trust & management of the college have been working based on firm ethical philosophies for the progress of the students. They are instrumental in imparting quality education to the students from financially deprived sections of the society, by offering government and private scholarships. The output of these efforts can be seen in the following table in the form of the students' academic performance.

Performance of TY students in examinations held in the year 2020-21

Programme Name	Pass Percentage
B Com	94.91
B Sc GS	96.87
BA	86.36
B Sc IT	92.45
B Sc CS	100
B Com A&F	95.31
B Com B&I	94.54
BMS	90.00
BAMMC	82.60

The college provides a strong, dynamic platform to the students to present their talent and to help them adapt various values required to be a good human being, through its curricular and co-curricular activities and training.

The academic year 2020-21 coincided with the Covid- 19 pandemics and the situation led us on our online journey where we got an opportunity to transfer college and all its accompaniments to a screen. During the dark months, the college tried its level best to keep in touch with the students and extend help in whatever way possible. Instructions regarding precautionary measures to be taken to maintain physical and psychological health were conveyed at regular intervals of time.

The Internal Quality Assurance Cell of the college conducted a series of mental conditioning lectures in the month of May 2020 on 'Acceptance', 'Gratefulness', 'Affirmation'. The cell also conducted a survey cum awareness drive during the time through Google forms. Though students missed their physical presence and enjoyment in college premises, NSS, Cultural, and various other committees of the college made the atmosphere lively and colorful through their online activities.

The NSS unit of the college worked intensely to conduct activities such as the creation of videos, the display of posters, online sessions on Yoga, Covid Safety, Dengue-Malaria awareness, and so on. Rakhi selling, Kargil Vijay Divas was conducted in the month of Jul 2020, as per the yearly planner. A blood donation camp was organized by the NSS unit in collaboration with Triumph blood bank, in the month of August 2020. Along with these usual activities, an awareness program focusing on fitness was organized by the unit, in light of the lockdown period in September 2020.

October was occupied by talks and presentations on integrity, service, and other related views of great leaders like Mahatma Gandhi and Lal Bahadur Shastri.

During the lockdown period, NSS volunteers also took care of stray animals by feeding them and conducting rescue operations. The new year 2021 began with a highly coveted webinar on 'Krantijyoti Savitribai Phule', by Prof. Vijayalaxmi. A visit to village Rampur, Taluka Murbad, Thane District, was conducted, wherein volunteers distributed Covid safety kits and snacks amongst villagers.

The most active Cultural Committee held a variety of online competitions and programs throughout the year to promote the personality of students. It gave some relief to students from the lockdown aloofness. Singing, playing musical instruments, solo dance, mono acting, painting were some of the different competitions. A dazzling fresher's party was given to all FY students who newly joined the college. An online Garba session was arranged during Navratri. It was poignant to bring a smile to the faces of students and their families who participated in their Navratri finery. It was our little effort to display some semblance of normalcy and the fact that we strive to not let a pandemic affect our emotional well-being.

Few incredible webinars and workshops were hosted by the Cultural committee and IQAC in association with the BAMMC department in the second term of the year. Webinars on 'Artificial intelligence and Arts' and 'Leaping: Advertising in the post-Covid world' took numerous likes from the audience. Workshops on Mandala and Madhubani art were conducted with great responses from students.

A webinar on Theatre, graced by Mr. Nilesh Sawe, a well-known actor and Cultural Coordinator at, University of Mumbai, stirred the students into action. He made them laugh, cry and clap – bringing the zeal of an offline session into an online platform.

The nature club of the college took everyone on a nature trail, through a webinar on 'Know the forest', by Mr. Anuj Khare, a forester. A webinar on 'Butterflies' was organized which offered thorough information about species of butterflies, their importance in nature, and their lifecycle. The club along with 'Athang', Marathi Wangmay Mandal of the college, spread a magnificent wave of courage amongst students by hosting a webinar on 'Forts in Maharashtra', by Mr. Pinakin Karve, in Marathi language. It made everyone feel proud of Chhatrapati Shivaji Maharaj.

The Extension Committee conducted a workshop on 'Social and Rural Entrepreneurship' in collaboration with Mahatma Gandhi National Council of Rural Education, ministry of education, Hyderabad. An arts and crafts workshop was taken up by the committee in the month of February 2021. These activities by the committee aimed at giving life skill experiences to students and sowing a seed of entrepreneurship in them.

Staff council and Rotaract club of the college arranged a series of webinars for students and faculty on a variety of academic, corporate, and social topics. Different speakers from the Rotary club and different domains of the mentioned fields delivered lectures to enrich the knowledge and skills of the audience. The series included webinars on 'I quit smoking', 'How to get the career you want', 'Leadership', 'Communicate effectively', 'Queer inclusion'.

Along with this main course, students also had an array of guest lectures by members of the Management committee and outside experts on topics such as 'Online piracy', 'Strengthening Democracy and Human rights'. The placement committee provided placement opportunities to students in TCS, Infosys, Godrej and Larsen and Toubro Infotech. The committee equipped students with training on soft skills, resume writing and mock interview sessions before they appear for placement drive.

An eminent feature of this academic year is the establishment of a Project committee, to take up tie ups with outside institutions to offer professional certificate courses to students on MBA entrance guidance, bank staff selection etc. The team consists of all young, energetic teachers operating under the guidance of the advisory board of the management.

11 students of the college participated in Avishkar, the research competition organized by Mumbai University, in the disciplines of commerce and management, pure science, law and animal husbandry, under the guidance of the Avishkar committee of the college. The Students Council left its footprints by conducting a series of activities. Webinars on 'Consumerism and Financial literacy during Covid 19', 'Career in Paramedics' were held to be remarkably mentioned here. A quiz competition by student council members went on the floor on the occasion of International human rights, which received participation by 169 students. Women development cell of the college came up with two webinars and an elocution competition. A webinar on 'Cyber Crime', proved to be today's need, as most of the transactions are online nowadays and another on 'Body Positivity', attracted an audience in large numbers.

Library committee organised a talk on 'Similarities in German and Marathi language' by Mr. Kedar Jadhav, resident of Munich, Germany. The talk motivated many to learn German language.

With an objective of grooming personality of students and to inculcate employability in students, this year the college introduced multiple add on courses which are Personality Development, Labour laws, Yoga and Meditation, Web Designing, Spoken Kannada, Spoken English.

IQAC of the college assisted all the committees in organizing their events. A seminar on 'IPR laws' was also organized by IQAC on 23rd January 2021, which stressed upon the importance of IPR laws on the business world. The Commerce and Management department dropped a presentation competition for students on 'Budget 2021', which brought a sensational wave amongst calculative minded students of different colleges to take part.

DEPARTMENT OF PHYSICS

In the current academic year due to the Pandemic situation [Corona Virus], we have conducted classes online using the Google meet platform. Also with the help of virtual laboratories, we could conduct Practicals. For conducting Practical virtually we used Amrita University, IIT Kharagpur, IIT Mumbai laboratories. Also, some software like Simulator of 8085 microprocessor, Logisim.

From the current academic year, I have started new initiatives like giving topics from the syllabus to students for giving presentations.

These students were divided into seven different groups and each group selected a topic of their interest from the first-year syllabus. These students were asked to present their PPT during the practical sessions. After the presentation of all students, remarks, and suggestions were given to the students for improvements.

Prof. Nitin Patil

DEPARTMENT OF CHEMISTRY

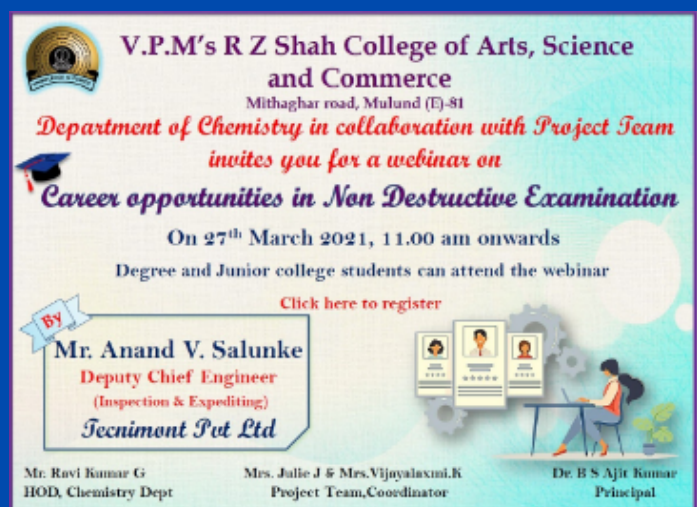

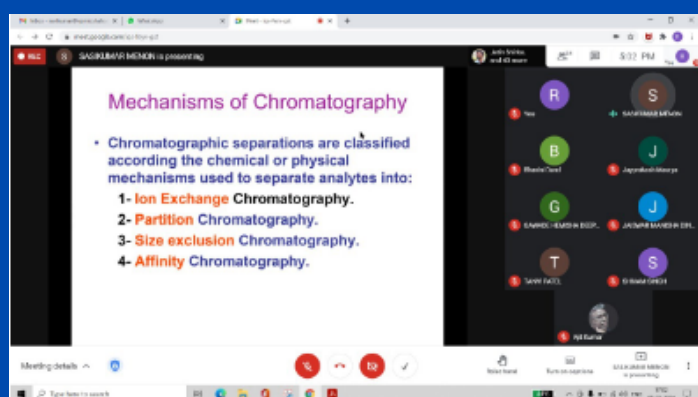

The department of Chemistry is well equipped with all the concepts and tools to provide hands-on experience to students. The faculty members always guide students for various experiments . . Due to the pandemic situation the classrooms and laboratories were inaccessible, so teachers vanquished this challenge by conducting online lectures, and with the help of digital content and Slabs, practical sessions were also conducted for students. The LMS platform of Google classroom was used to conduct class tests and to make study material available.

Department conducted the following webinars

- 1) Webinar on “CHEMISTRY: An Interdisciplinary approach” was held on 17th February 2021. Dr. Ajitha Rani R. Asst. Prof from G N Khalsa College, Matunga was the resource person for the webinar.

2) Webinar on “Application of HPTLC and HPLC: An introduction” was held on 9th March 2021. Dr. Sasikumar Menon, Director, TDM Lab and Associate Professor, Ruia College, Pharma Analytical sciences and KAUSHAL Kendra was the resource person for the webinar.

3) Webinar on “Career opportunities in Non Destructive Examination” was held on 27th March 2021. Mr. Anand V. Salunke, Deputy Chief Engineer, Tecnimont Pvt Ltd and Mrs. Anagha Bhide from Bhide’s Institute of testing technology pvt. Ltd was the resource person for the webinar.

For the NDE webinar students from Junior college also participated.

Department conducted an online competition on Best out of waste on 29th August 2020. With the enthusiastic performance of students, we celebrated Independence Day, Teachers Day and Republic day virtually.

Department also contributed to Research ...

1. Hemisha Gawade and Vedanti Indulkar from class TYBSc (GS) jointly participated in Avishkar competition with research proposal titled: "Phytochemical screening and combined antioxidant activity of Banana peel and Apple peel" under the guidance of Dr.Bhavini Dand
2. Michelle Gracias from class TYBSc (GS) participated in the Avishkar competition with a research proposal titled: "Heavy metal analysis of various samples of herbal lipsticks" under the guidance of Dr.Bhavini Dand.

Talla Ravi Kumar G

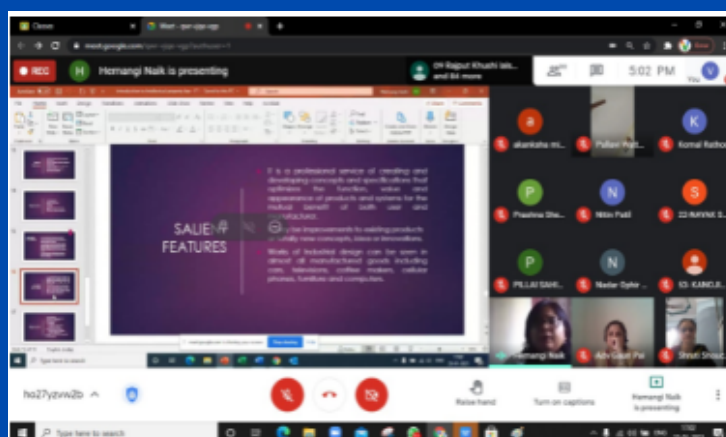

HOD Chemistry

COMMERCE AND MANAGEMENT DEPARTMENT

The department consists of B.Com., B. Com. (B&I), BMS, B. Com. (A/c and Finance) courses, effectively handled by twelve full-time teachers, consisting of five SET qualified teachers and 1 Ph. D. holder. The department also invites industrially experienced people to take a few subjects which require special expertise. Thus students get expert knowledge throughout the year.

The department had organized a webinar on “IPR’ on 23rd January 2021, by Advocate Hemangi Naik, senior legal professional, in association with the IQAC of the college. 100 participants including students, teachers attended the session with grace. They interacted with the speaker at the end of the session, in a question-answer round.

It also conducted a competition for students on 'Budget Presentation' on 25th March 2021, which received a huge response of 279 entries from various colleges. The Department also conducted an Inter-Collegiate virtual PPT presentation competition for students on the topic "Budget 2021", on 25th March 2021. A total of 75 groups of students (maximum 4 members in one group) participated from 15 colleges located in Mumbai. All participants were appreciated with the Certificate of Participation. The winners are awarded Certificates and Cash Prizes.

Webinar on “Career in Paramedics”

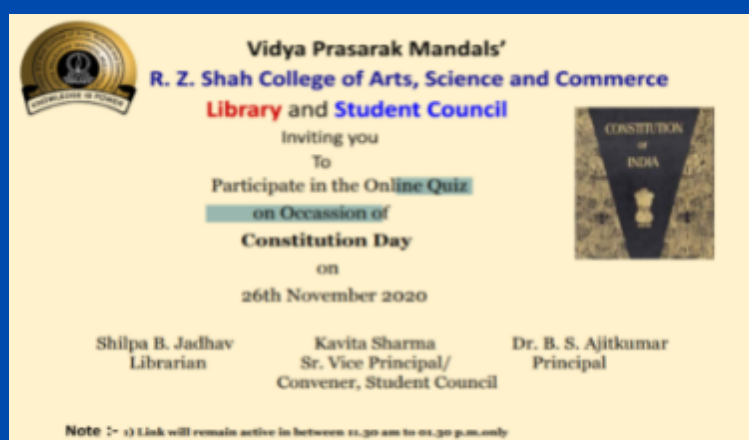

Student Council with P. D. Hinduja Hospital, Mumbai organized a Career-oriented Webinar on the topic “Career in Paramedics” to spread awareness and provide information and future scopes in Health care organizations. This webinar was organized on 28th January 2021. The chief speaker Ms. Bhavisha Kharnare- Sr. Manager Special Projects and Academics from Hinduja hospital enlightened the students about a different career option. A brief excerpt from her speech Career as an Allied Health Sciences (Paramedics) Professional. Ms. Bhavisha informed students that Health care is one of the fastest-growing sectors providing ever-increasing employment avenues. With industry focus on accreditation and quality health care, accredited health care professionals are the need of the hour. After successful completion of the course, students can be employed as technicians in nursing homes, diagnostic centers, and Hospitals. Unlike universities offering these courses in tie-up with some hospitals, P. D. Hinduja Hospital is offering a full course in the hospital setting giving maximum practical exposure to students. With the rapid growth in the healthcare industry, there is an increasing demand for trained paramedical staff to deliver quality health care. The duration of each course is one year. The following courses will be starting in August.

Webinar feedback: Webinar was very informative and relevant. These are skill-building courses in healthcare that help students utilize their knowledge gained in the graduation program.

PLACEMENT CELL

If you can dream it, you can do it -Walt Disney

The Placement Cell of VPM's R Z Shah College operates round the year to provide not only job opportunities to the third-year students but also internships to all the students of the college. It serves as an interface between the students and the Corporates. We aim to invite companies from various fields to make a range of opportunities available for the students of all courses.

Due to the COVID pandemic, some of the companies canceled, while others put a hold on their recruitment drive. In fact, we saw a huge surge in the unpaid internship opportunities for students- companies like jugadfanda, Tata Consultancy Services.

The Placement Cell started functioning with a very clear objective of ensuring a higher placement record and a better reach to the students of the college. To facilitate this objective, a 'Placement Awareness Programme' was conducted, under which, the Placement representatives visited each division of the TY to give a short presentation on the Placement Cell and its planned activities for the current year and registration for Placement 2021 and Higher Education

Activities conducted by Placement Cell in the year 2020-2021:

- 1.Resume Writing Lecture Series 2020
- 2.Online MCQ Aptitude Test.
- 3.TCS Placement Registration on TCS ION for NQT
- 4.TCS Campus Selection Process Guidance.
- 5.Created a dedicated platform to prepare you for Jobs and Career Success.
- 6.Mock Interview Session.
- 7.Technoserve Soft skills Training Batch 1
- 8.Technoserve Soft skills Training Batch 2

Companies visited & student selected in respective companies were as follows:

- 1.Conducted placement drive for 2017-2020 passed-out students.
- 2.LTI Campus Pool Campus
- 3.TEAM MEMBER OPERATIONS Virtual Hiring For ICICI
- 4.Financial Analyst Virtual Hiring For TCS 2019 2020 POOL CAMPUS.
- 5.Integrated Learning Program 2021 (WILP - 2021)
- 6.Infosys Virtual Campus Recruitment Drive
- 7.Virtual Hiring For Godrej

To conclude, all the activities of the Cell are carried out tirelessly by the placement cell team.

STAFF COUNCIL

The 2020-2021 academic year came with many challenges. The sudden impact of the global pandemic and a sudden transition to an Online Classroom lifestyle drastically shaped how we operated. It provided and introduced us to new opportunities in terms of technology and personal growth. While we wait for the time when we again have offline Classroom and Staffroom sessions, I know our work will continue to progress and our mission to our students will remain the same.

I am pleased to present this report on behalf of this year's Staff Council. We are proud of this year's accomplishments as we continue all the necessary governance processes through the online medium.

The council conducted its regular meetings every month using the virtual platform Gmeet under the chairmanship of Honorable Principal Dr. B S Ajitkumar. In these meetings, reviews were taken regarding the activities of each committee, various issues, curricular, co-curricular, and extra-curricular activities, etc. The Principal provided suggestions and ideas on certain areas wherever necessary. The review of academic activities and syllabus was also taken in these meetings. The difficulties of teachers were also entertained and solved by the Principal. Teachers also brought to the notice of the Principal some issues important from the standpoint of the development of the students and college and the minutes were recorded. The Principal appreciated the efforts of various committees like the Exam committee, Admission committee, and Time-Table committee for seamlessly conducting the activities necessary for the running of the college and kept the enthusiasm and morale of the staff high by being a constant support.

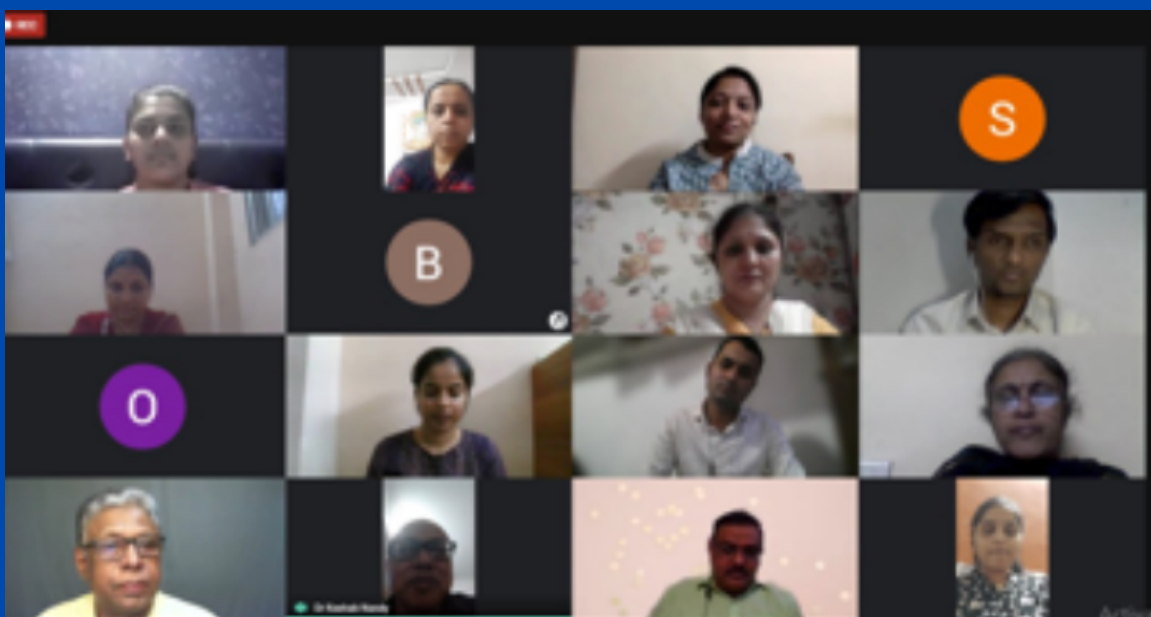

The Council also enhanced staff participation and engagement through virtual platforms like Zoom and Gmeet to host several online Sessions and Live Webinars.

- 1.Covid 19 and Homecare in association with Fortis Hospital Mulund.
- 2.Motivational strategies for new age leaders By Dr. Keshab Nandy.
- 3.Interactive Session with Dr. Keshab Nandy.
- 4.Interactive Session with Dr. Anand Joshi.

The Staff Council acknowledges the hard work of our dedicated staff in a year that will go down as the most challenging academic year our college has ever faced. The work you do on behalf of our College is truly remarkable and the resiliency to do so is even more so inspiring.

CULTURAL COMMITTEE

Keeping the fervor alive through unusual times.

The cultural committee of the college, braving the odds, decided to bring joy to the students even before the term began. The cultural committee faculty and student members put in their best efforts to ensure some relief while the world around seemed to fall apart. Maintaining the tradition, the following are glimpses of the events conducted by the Cultural Committee for the academic year 2020-21.

When music helped us wade through a storm:

Mumbai University's Singing Competition is a much-anticipated event. A motivational song competition in the month of August 2020 was a much needed boost to students' spirits. Nikita Kuwar, TYBMS, Twinkle Pereira, SYGS, Renil Bhanushali, SYBMS, Madhav Pandey, SYBSC(IT), Kaustubh Sadhaye, TYBMM and Chris Menezes, TYBCOM(A) were selected from the college after an audition. Aniket Mandhare, TYBSC(CS), Pradnya Satpute, TYBCOM(A), Sakshi Pawar, SYBMM, Sanskruti Mane, SYBAMMC and Lavesh Shinde, SYBCOM(B), also took active part to make it a success. Siddhesh Saptiskar, TYBMM,

Jayesh More, ex-student, helped by way of direction, Kaustubh Sadhaye TYBMM, and Sudarshan Mane, ex-student helped in cinematography and editing. Prathamesh More, SYBSc (CS) and Sakshi Pawar, SYBAMMC, were assisting in coordination. The participants practised virtually and came together as a family to make this a success. The efforts taken made going virtual look effortless.

The Cultural Committee also organised Kalarang Competitions to uphold students' interest towards cultural activities and to motivate them to be creators. Following are some of the competitions conducted:

Throbbing hearts, eyes full of wonder, a bit apprehensive, a bit chirpy, spring in footsteps– perfectly describe how the First-Year college students usually feel. The real icebreaker for them is the Fresher's Party which went online this year.

The staff and students arranged for an online freshers' party to welcome new members into their family – the First-Year graduation students— on Oct 7-8, 2020. Youtube Live sessions on both days were aimed at the entire family coming together and partaking in the shared happiness.

It saw contributions from the First-Year students too! Before anyone wonders why it was so, it was a gesture to make them feel at home and let them unleash their talents right from the beginning. Students learned to let their hair down for the first time post the nerve-wracking days while awaiting their board exam results. This special day is also about tasting freedom and trying new stuff. Dr. B.S. Ajit Kumar, the Principal, welcomed the students with an informal chat. Jadoo, the mascot host, made sure the FY students were taken on a journey they would always treasure.

For some of the Second- and Third-Year students of the college, along with some ex-students, who were instrumental in making the online Fresher's Party a reality, the successful completion of it will also mean that they now get to catch up on some much-deserved sleep, after days and nights of hard work. With the belief that the coming days will be full of fun, laughter, and adventure here are hoping that this pandemic ends soon so that the real world can also be made as awesome as the virtual one!

Navratri Dhamaka

As soon as the Navratri festival starts, Garba and Dandiya *raas* fever take over. It's little wonder how a virus was not allowed to dampen the spirits of the students. Taking all precautions, the college ensured that the Navratri fervor was not lost. Numerous meetings and brainstorming sessions later, for each day, a video was prepared by the students in consultation with the committee. Be it the colors and their significance, food items, or dance – students prepared videos showcasing their skills which were shared in all classes by the respective class teachers or subject mentors. The color code was also followed. Students captured screenshots post their lectures (a better alternative to the group selfies during these times) and shared them on their Google Classroom to remember in post-Corona days.

How can Navratri be complete without garba? A virtual garba session was also arranged for the staff and students on Zoom where the participants danced in their respective houses with their family members to music played by a student sitting at his own house. Ah, the wonders of technology! Who would have ever imagined a world like that?

Artificial Intelligence and Arts

Towards Computational Creativity

A National Webinar on Artificial Intelligence and Arts for the students, faculties, and others was held on January 29, 2021. The speaker, Ms. Sareeta Mugde – an AI Researcher and Software Consultant and Assistant Professor at Prin. L.N. Welingkar Institute of Management, Development, and Research – took everyone into the world of Deep Learning, Machine Intelligence and held a mirror to the world we call 'real'.

The webinar saw registration by over 650 participants from across the country. It started with a welcome by Mrs. Shruti Shouche, IQAC Co-ordinator and Adv Vijay Kulkarni, General Secretary, Vidya Prasarak Mandal, and an address by Dr. B.S. Ajitkumar with valuable information about Warli paintings and tribal art was taken ahead by the speaker for the day.

After a brief introduction of the speaker by Mr. Tejas Patil, FYBAMMC student, Ms. Sareeta Mugde spoke right from how artificial intelligence works, the benefits of learning it to information about interesting tools to a whole new dimension of creativity – she opened the doors to a grand world for the participants.

While explaining about 'deep fake' via examples of Elon Musk and Donald Trump and closer home Manish Tiwari, she made sure that the participants had their share of entertainment while they learned – a skill that when mastered, can have an immensely positive effect on learners.

She edited a few paintings and shared websites that can be a boon to artists and creators. Van Gogh's Starry Night combined with the image of a horse to create a work of art, all through AI. Some websites mentioned were OpenAI, Nvidia, and Deep Dream Generator.

The session concluded with a vote of thanks by Ms. Rupal Solanki, the FYBAMMC student.

Taking the Leap: Advertising in Post Covid World

From lessons on being relevant to pop culture elements popping up, the **National Webinar** on Taking the Leap: Advertising in the post-Covid world will stay in the minds of the participants for a long time. Organized by the IQAC and Cultural Committee of the college in collaboration with the Extension Committee. The speaker for the day was Mr. Abhishek Kulkarni, Account Director, Ogilvy and Mather, and alumni of the college.

The session gave interesting ideas on how Advertising companies can manage to work during the time of a crisis of this scale. The case studies made it easier and comprehensive for the participants.

The webinar presented a clear vision of how manufacturing and advertising companies work. It also briefly covered the functions of the advertising industry. The session ended with a Q&A session and a vote of thanks.

Mandala Art Workshop

The Cultural Committee organized a Mandala Art Workshop **on 6th February**, for the students, faculties, parents, and alumni members.

The session was conducted by **Ms. Snehal Dnyaneshwar Pingate**, SYBA student, and an expert in Mehendi, Embroidery, Nail Art, Doodling, Lettering, Makeup, Hair Style, Portraits and Rangoli. She is the winner of several Intercollegiate events. She was selected for Fine Arts events of Youth Festival, Cultural competitions conducted by the University of Mumbai. More than 30 participants attended and made it successful. Mr. Chris Menezes, TY B Com student, extended words of gratitude to Ms. Snehal at the end of the session. The following are images sent by students post the session. It definitely seems to have inspired a breed of artists to actively create more beautiful artworks.

An evening to soak in the pleasures of Indian Art

When people around the world have become wary of the computer screens, the team decided to collaborate with Studio Amoli, pioneers in introducing the beautiful and diverse Indian Folk and Traditional Art to a varied audience through curated workshops. The workshop organised by the Cultural Committee, in association with the BAMMC department, catered to an audience in the age group ranging from 6 to over 50 years. It was open to all students, Alumni members, VPM family and anyone willing to learn this artform. The session was moderated by Ms Manjari Naidu, one of the entrepreneurs behind Studio Amoli. She delved into the history of Madhubani art with a short video which was followed by a live creation of an art work by Ms Shalinee Mishra, an internationally acclaimed artist in tow with Ms Anupama Ralegaonkar, the co-founder of Studio Amoli.

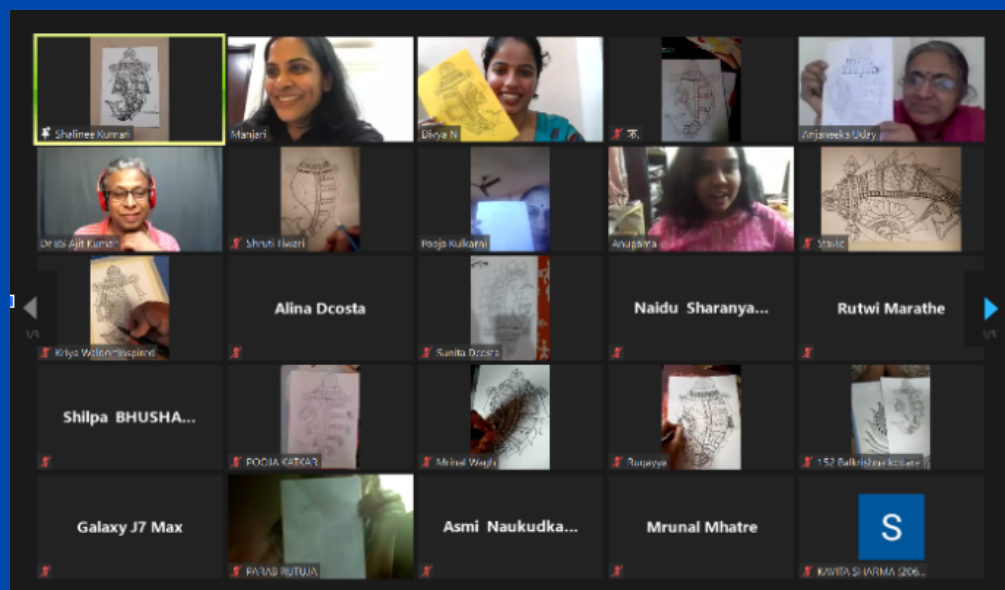

Attended by over 60 participants from across the globe and hosted by Ms Sejal Khandagale, SY BAMMC student, the session's success reflected in the completed art works and the messages that poured in post the session.

Says Rutwi Marathe, a participant, "I am 10 years old and I cannot sit at one place for long time. But for this session I sat at one place for more than one hour with full concentration. Thank you."

“Thank you very much for this lovely workshop. Both of us created the art work together and look forward to some more,” chimed Mr Stavio Gonsalvez and Mrs Ginelle Stavio Gonsalves, a couple who joined for the session.

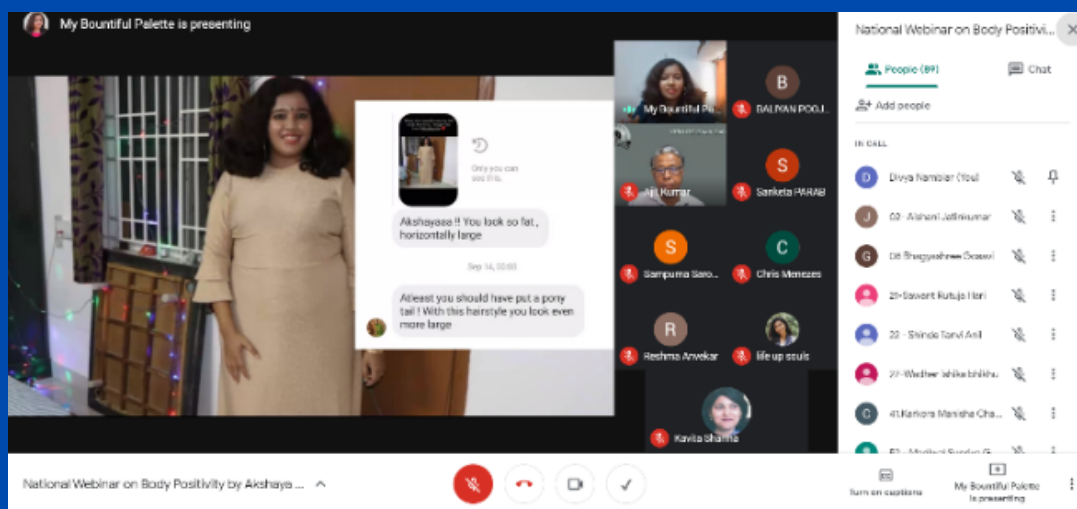

Mr. Mrunal Mhatre, SY BAMMC student, summed it up for all with his words of gratitude, “Art is magic and sometimes, a little magic is all we need to tune back into the melody of our lives! They say we should be thankful for everything that happens in our life, it’s all an experience.” Definitely, a beautiful experience.

National Webinar on Body Positivity

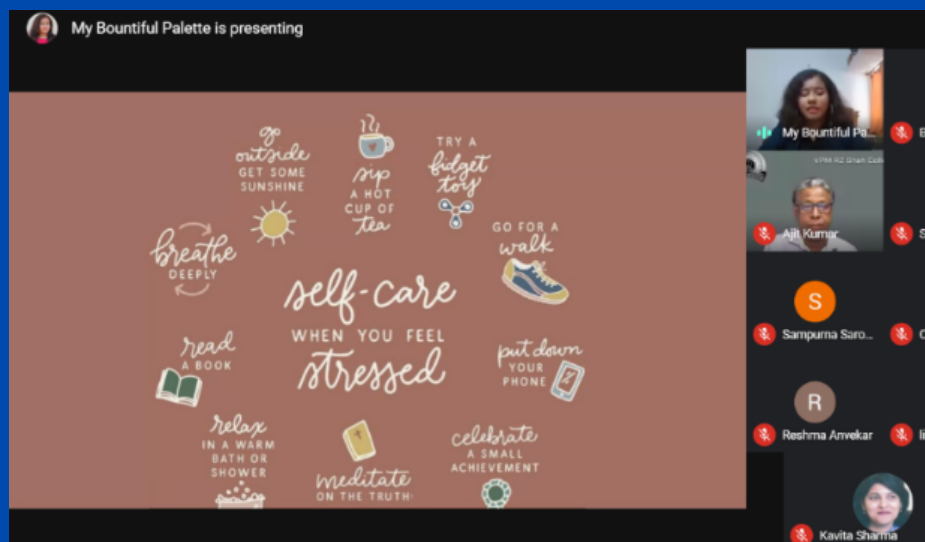

Stop trying to fix your body. It was never broken. -Eve Ensler

Women's Day couldn't have been celebrated without boosting the confidence of women and men who co-exist with them! That's precisely why the Women Development Cell, Cultural Committee and BAMMC department got together to organise a National Webinar on Body Positivity by Ms Akshaya Aiyer, a Youtuber and Self Make-Up Coach, on Mar 8, 2021, on the occasion of International Women's Day.

It was hosted by Ms Vinaya Naik, TY Bcom student, who perfectly introduced the speaker and oriented the participants to the webinar with a beautiful start. "One might wonder why a make-up coach would speak about body positivity. It's a thought that comes from our inherent thinking about 'make up' as a way to hide our suspected 'flaws'," she said. "But, Ms. Akshaya considers make-up as a way to accentuate the unique beauty each of us possesses here. She has been conducting self-makeup masterclasses and has trained a lot of students in her workshops. And today we are extremely elated to have such an inspiring personality with us."

Ms. Akshaya took the audience on a journey by quoting examples from her own life. She stressed the importance of self-love, good mental health, and body positivity in establishing holistic wellness.

Ms. Ritika Chavan, FY BAMMC student, expressed warm gratitude on behalf of the college to the speaker and all the participants from across the country for their presence.

T for Theatre, T for Thrill by Mr. Nilesh Sawe

'Movies will make you famous; Television will make you rich, but theatre will make you good,'

An exclusive session for all the staff and students and interested participants from outside was organized by Cultural Committee in association with the BAMMC department on Mar 9, 2021. Mr. Nilesh Sawe, Actor and Cultural Co-ordinator at the University of Mumbai, was the speaker at the session on Theatre and the nuances of it.

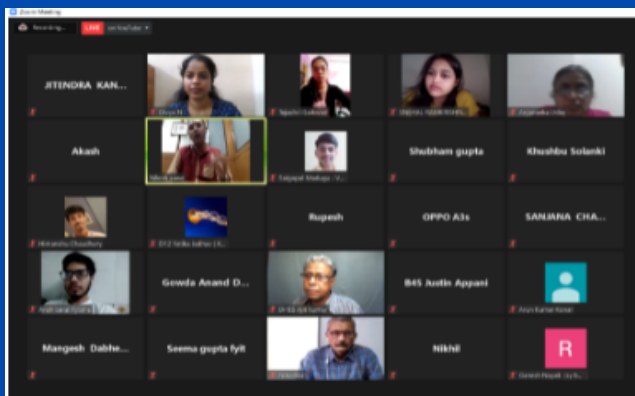

Mr. Sawe, a gold medalist in Theatre, Dance & Music, best known for his films 'Zale Mokale Aakash' and 'Maat'. Apart from a colourful TV and Film career, under his leadership, Mumbai University has bagged Overall Championship at West Zone Inter-University Youth Festival 14 times.

Hosted by Ms.Tejaswi Gaikwad, FYBAF student, with her warm 'Namaste', the session came to life with Dr. B.S.Ajitkumar's introduction of the guest. Also attending the session was a special guest, Mr. Yatindra Pradhan, Cinematographer and Faculty at Rachna Sansad, Mumbai.

Mr. Nilesh Sawe painted a vivid picture of the world of theatre with his experiences, a glimpse of his acting and also breaking into a melodious song, thus enrapturing the audience. He impressed the audience with his acting and screen presence.

Ms Namrata, FYBAF student, extended vote of thanks on behalf of all. The session ended with a bunch of happy audience departing with some great tips and an added dose of creativity and a confidence boost.

How to Mentor Gen Z? An informal session by Anand Chitnis Sir

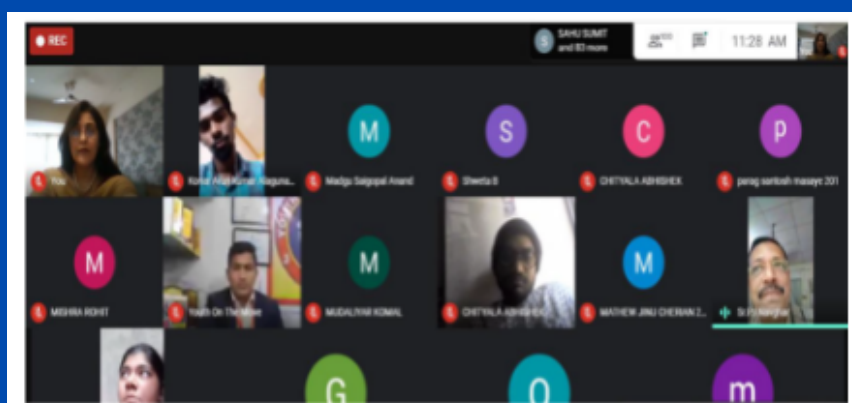

On 31st May 2021 the Entrepreneurship Cell of the college organised an informal session with Anand Chitnis sir on the topic of mentoring students for their future career plans and placements. During the interaction, Chitnis Sir gave several examples of mythological characters and real life situations to explain the importance of mentoring. Generation Z is the generation born between late 1990s to 2010 who are current degree college students. He suggested several ways to understand their behavioral patterns to guide them accordingly. Chitnis Sir emphasised that effective mentoring can be achieved by providing life lessons along with teaching regular subject syllabus. Professors participated in the session with great enthusiasm.

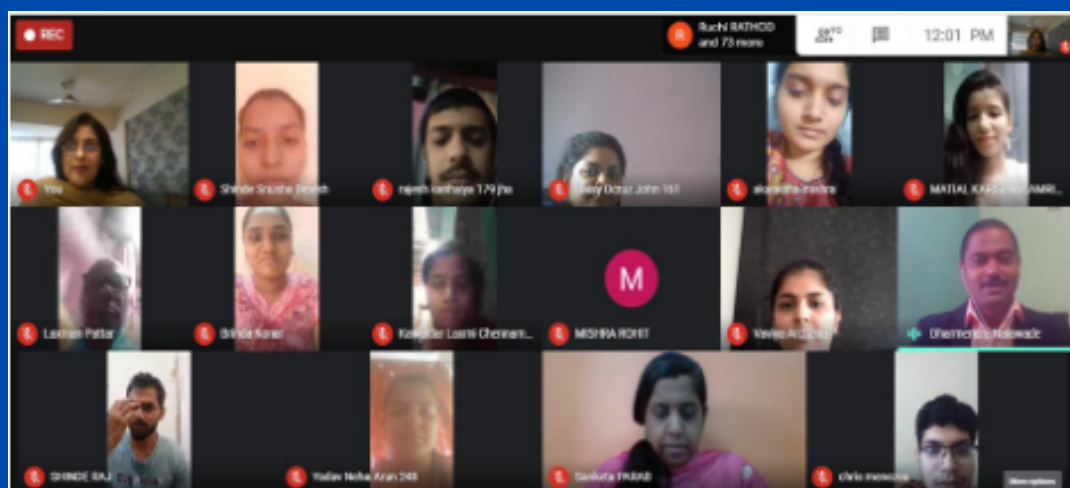

WOMEN DEVELOPMENT CELL

WEBINAR ON CYBER CRIME & SAFETY AWARENESS

Women Development Cell (WDC) organized a Webinar on 28th November 2020 on the topic, CYBER CRIME AND SAFETY AWARENESS. Cybercrime has emerged as a serious global issue and creating awareness among the entire population especially the youth is of utmost importance. Keeping this in mind, this Webinar was organised in association with Youth on The Move, NGO that involves mainly youth and aims to help all the underprivileged sections of the society. The Webinar was conducted in two sessions.

The first session started with Mrs. Kavita Sharma, Vice Principal and Convener of the Student Council welcoming the Chief Guest Mr. Pushkaraj Suryavanshi (Senior Police Inspector, Navghar Police Station). Mr. Suryavanshi spoke about the internet and how the advancement in cyberspace has revolutionized our way of living, making today's day and age an era of enhanced productivity and creativity. As the people are now doing most of their activities online, be it work or shopping for necessities due to the COVID-19 outbreak, more and more people are being targeted by cyber criminals as a means to make easy money. These are the contemporary criminals who are always looking for an opportunity to get entry into any system, taking advantage of human error and system vulnerabilities. The Guest speaker discussed in detail about various types of cybercrimes, how people in the world are being targeted on online platforms for theft via online scams or identity theft scams and leaking personal information through social media platforms etc. Mr. Suryavanshi also narrated a few cybercrime cases from his personal experiences. He then spoke about some of the more common cybercrimes like hacking, data theft, cyber stalking, identity theft and then informed us about ways to keep ourselves safe from such crimes and ways to approach the Cybercrime units if ever such a situation arises.

For the Second session of the webinar, we had as a Guest Speaker Mr. Dharmendra Nalawade, a Cyber Security Consultant and Founder of SCTS. In this session the participants were informed about how cyber-crimes are carried out and how to identify one. Mr Nalawade spoke in great detail about the most common frauds that are faced by the youth for instance Job frauds, ATM frauds, Identity theft via social media and also harassment faced due to catfishing on social media. He then informed the participants on how to identify such kinds of frauds and how to keep ourselves safe in today's virtual age.

REPUBLIC DAY PATRIOTIC POEM

Good morning one and all present at this virtual meet. On this occasion of republic day. I would like to recite a poem dedicating to our Military and freedom fighters.

Let's honor our military,
The men and women who serve,
Whose dedication to our country.
Do not falter, half, or swerve.

Let's respect them for their courage;
They're ready to do what's right
To keep India safe,
So we can sleep better at night.

Let's support and defend our soldiers,
Whose hardships are brutal and cruel,
Whose discipline we can't imagine,
Who follow each order and rule.

Here's to those who choose to be warriors
And their helpers good and true ;
They're fighting for Indian values;
They're fighting for me and You.

Freedom in mind,
Faith in words,
Pride in our hearts,
Memories in our souls.
Let's salute the Nation on Republic Day.

Friendship Poem

Friendship.....Friends.....

Yes, friendship & friends...

These are not just words!!!!

Friendship is the collection of Sweet
and sour memories,

a collection of tears and it is a
collection of joyful moments...

It is born at that moment when one
says to the other "what! You too? I
thought I was the only one."

Hey buddy, do you remember the day
when we started learning together.???

How can we forget !!!!!

The day when we bunked lecture for
playing badminton,

the day when your homework was

incomplete & we all got punishment
together,

the day when you slipped in mud &
instead of helping you, we all started
laughing at you.

The lovely moment when one is upset,
disappointed & suddenly we all
became a Sandeep Maheshwari for
that person.

With you, I started laughing, arguing,
challenging, fighting, caring, and
sooooooooooooo many things.

I'm not able to explain what is
Friendship!!

but I know that Life is an awful and
ugly place to not have friends..

तिरंगे का सफेद रंग,
जो विश्वास का प्रतीक है,
उस पे ही अब बलात्कार का
दाग चढ़ने लगा है!
लगता है एक बार फिर बाप को
बेटी के जन्म से ही रोना आने वाला है!
औरत के कोख से ही आये हो,
येभी भूला जा रहा है!
जिस्म से खेलने का हक्क किसने दिया?
ये पूछना रेह गया है!
जिसने सब कुछ सहा,
उसे ही मौत की सज्जा!

दोन हात कोरोनाशी

आज खूप वेगाने मायदेशी परतलो..
चटा चटा काहोईना पाऊले घराकडे टाकू लागलो..
हातावरचा शिक्का घेऊन घरी पोहचलो..
दोन दिवसांनी बघतो तर काय कोरोनाच्या आहारी गेलो..

माझ्या सोबत माझ्या कुटुंबाचसुद्धा चेकअप झालं
नेगेटिव्ह असून सुद्धा लोकांनी मात्र बोलणंच टाळलं..
एँडमिट झाल्यावर डॉक्टर,नर्स सतत पाहणी करू लागले..
तेव्हा मात्र मला माणसांमधले देव दिसू लागले...

ज्या लोकांनी काही महिन्यापूर्वी पोलिसांवर दगड फेक केली..
आज त्याच लोकांना त्यांची गरज भासू लागली..
नकळत का होईना त्यांना देव मानू लागली..

मंदिर ,मस्जिद ,चर्च बंद झाले.
परंतु माणसाने माणसाच्या हितासाठी केलेले कार्य मनाच्या त्या
गाभाऱ्यात उभे राहिले..

जो देश मी सोडून गेलो.आज त्या देशाने मला आसरा दिला.
ना हिंदू ना मुसलमान प्रत्येकाला माणुसकीचा सल्ला दिला..

आता फक्त एवढेच म्हणावेसे वाटते
कि ज्या देशासाठी आपण झटलो नाही तो देश आपल्यासाठी
झटतोय..

प्रत्येक भारतीयविषयी आपलेपण निर्माण करतोय..

त्यांचा हा त्याग भारतीय कधीही विसरू शकत नाहीत. त्यांच्यामुळेच आज आपण आपल्या देशात मुक्तपणे श्वास घेत आहोत.

आमचे पहिले राष्ट्रपती “डॉ. राजेंद्र प्रसाद” म्हणाले की, आपल्या संपूर्ण महान आणि विस्तीर्ण देशाचा अधिकार एका संविधान आणि संघटनेत आम्हाला सापडला आहे.

कोण देशातील सर्व पुरुष आणि स्त्रियांच्या कल्याणाची जबाबदारी घेतो.

स्वातंत्र्याच्या इतक्या वर्षांनंतरही आपण आज गुन्हेगारी, भ्रष्टाचार आणि हिंसाचाराच्या समस्यांशी लढत आहोत ही अत्यंत लाजिरवाणी बाब आहे.

आता वेळ आली आहे की आपण एकत्र येऊन या वाईट गोष्टी आपल्या देशातून काढून टाकाव्या अशी जणू स्वातंत्र्यसेनानी नेत्यांनी इंग्रजांना आमच्या देशातून हाकलून दिली होती.

आपण आपल्या भारत देशाला यशस्वी, विकसित व स्वच्छ देश बनवले पाहिजे.

Spread Kindness

I have seen many things and I still believe you have to give if you want to receive.

Do unto others as they would do to you, it's harder to find for this to be true.

Random acts of kindness you seldom see, just thinking of ourselves how will we be free?

There's a time and purpose for everything and we all wait for that time what we can sing.

I believe that the world belongs to us all, so why do many people have to fall?

It seems like no one is willing to share, and it breaks down because none of them cares.

The world is big enough for us all to live. But nobody seems to be willing to give.

As we look to the future how long will we last, if we keep making the same mistakes of the past?

To spread kindness and smiles, that can travel for miles.

The Pandemic: Challenges and opportunities in education

“Be humble, but also be brave” quoted by “Ratan Tata” on 27th December 2020 at 9:55am Indian Standard Time. The word corona virus is a negative term for everyone which has brought everybody's lives on still.

Corona virus is a new disease in this whole world where more than 2.36 million people have lost their lives, more than 60.1 million people have recovered and there are still more than 107 million cases in the world as on 12th February 2021. Our country India ranks 2nd in the world where more than 155 thousand people have lost their lives, 10.6 million people have recovered and there are still 10.9 million cases prevalent.

With the ongoing pandemic of coronavirus all over the world, students, teachers and parents are facing a lot of challenges in the education. The educational system had totally changed as it has now become an online educational system. Teachers have to teach online and they try their level best that students are actively paying attention meticulously. Teachers have to also make Powerpoint Presentation for each chapters. Teachers will encounter huge challenges from students who are mentally agile with equipped technology and updated information. It is more challenging for those teachers who teach practical subjects on online platform such as maths, computer, accounts and tax.

This online method of teaching and learning also has several disadvantages such as network issues, students doing multiple tasks while attending their lectures and eyes being strained as we are continuously staring at the mobile for study purpose.

Covid-19 is an opportunity to reinvent the education. There are various tech and ed-tech companies supported live classes, made recorded classroom sessions available on YouTube channels, allowed access to interactive study material rich in video and graphics, and helped students understand concepts easily. Students get study material in pdf format too.

With this I would like to end with an educational quote where “Education is the passport to the future, for tomorrow belongs to those who prepare for it today” said by “Malcolm X”.

॥ आई ॥

कोणत्या शब्दात सांगू आई तू, माझ्यासाठी काय
आहेस ?

भुकेल्या जिवाचा मायेचा घास तू वेदनेनंतर माझी
पहिली हाक तू

अन् माझा प्रगढ विश्वास तू हृदयाच्या स्पंदनातील

माझा प्रत्येक श्वास तू ।

जीवनातील माझ्या सुखाची बाग तू...

आदीमधी रागात सुर्याची आग तू,

अंधाराला ही दूर करणारा प्रकाश तू

माझ्या मायेची धरती अन् छायेची आकाश तू ॥

मायेच्या पावसाचा ओलावा तू जीवनी सुखाचा

गारवा तू ॥

आई, दूधरूपी अमृताचा गोडवा अन शेवटेच्या

क्षणापर्यंतचा कुशीतील विसावा तू ॥

Mental Health in Lockdown

Well, as everything was running smoothly, the world was hit by a pandemic in the form of Covid 19 which led to lockdown all over the world. People were forced to stay at home. Shops, industries, companies, schools, and colleges, everything was shut down. Many people lost their jobs and got jobless. Extra pressure was forced on many employees to make up for the losses caused. The daily activities came to an end. Thousands of people died. Also not forgetting about the people who lost their loved ones or whom themselves were infected with the virus. All in all led to lots of stress, anxiety, depression, frustration, loneliness, anger which not only affected the physical but also the mental health of people.

Since the coronavirus has entered our lives, it has filled our hearts with fear, worry, and concern. Considering all situations, the biggest question which arises is how to remain calm and keep our mind busy, active, and healthy. The most crucial thing one can do is- Express Yourself.

Do anything and everything that brings you happiness and inner peace. It can also be simply gazing at nature because being with nature brings a lot of positivity to your thoughts. Happiness starts within you and not with any other thing.

With that, we conclude that, give yourself time, care, and attention. Befriend your mind. Stay fit, stay calm, stay healthy. Express your worries, problems, tensions to someone, to a person who can empathize and understand your emotions and what you are going through and will help you get out of the trauma. Be vocal or it may affect your mental health adversely. The second thing you can do is spend time with your loved ones. As schools and colleges are closed down, offices are offering work from home, we have some time with us. Chat with your family and close ones, give them your time and love. This can create a joyful environment around you and will make you feel happier and stronger. Eat healthily. Research suggested that there is a strong association between poor diet and depression, mood disorders, anxiety, etc. Experts say- Food and chemicals in our brains interact with each other all day long. A good diet with a variety of healthy foods may have positive effects on our brains. Sleep well. Sleep and mental health are closely connected. If you have a safe and sound sleep you are likely to feel fresh and energetic when you wake up.

Activities, routines, daily chores are not only formed just for satisfying human wants but also to keep our mind busy which if not done, a person would have wasted his time, knowledge, energy, etc. Be active. Attend workshops, learn a new skill, listen to podcasts, read good books, sing, dance, paint, etc. Have hobbies. It is a great way to get out of your daily routine and refresh your mood. A study shows that people with hobbies are less likely to suffer from anxiety and depression. Practice yoga and meditation every day. It brings mental clarity, better focus, calmness, relaxes the mind, and sharpens concentration. Exercise regularly. It benefits us with positive changes in our body and mind. It relieves stress, provides better sleep, improves memory, and boosts our mood.

Julius Caesar the great tragedy of "William Shakespeare" **by Prof. Laxman Pattar**

Sir William Shakespeare, the famous Renaissance dramatist known as the 'King of Tragedies'. He was born in Stratford-on-Avon, a small village near London on 23 April 1564. He wrote several tragic plays like Hamlet, Macbeth, Othello, King Lear, Julius Caesar, and Romeo and Juliet. He wrote magnificent comedies such as, As You like It, Mid Summer's Night Dream, The Twelfth Night, The Merchant of Venice, etc. He also wrote several historical plays like Richard II, and Julius Caesar is one of them. He wrote several long poems like Venice and Adonis and hundreds of sonnets.

Due to some minor allegations Shakespeare was forced to leave his native village and came to London city and there he joined as a helper in a drama theatre. He was married to a woman 9 years older than him. His son Hamnet died at the age of five and many such family matters made his life miserable. Shakespeare like University Wits like Greene, Nash, Kyd, Marlowe, and Ben Jonson was not a highly learned man. He had studied up to the ninth standard. He was good in Latin and Greek languages and good in grammar. It seems that Shakespeare was a born genius. A helper in a theatre became an actor, director, writer, and owner of the Globe theatre in London. It seems that Shakespeare had borrowed the idea of tragic hamartia from Aristotle the Greek philosopher.

'Julius Caesar' the historical tragedy of political conspiracy hatched by a group of his close friends 'Brutus and company'. Betrayal of friendship is focused and happens and convincing to all the readers and the audience in due course with two protagonists of the play.

One is Julius Caesar who was pompous with the victory of Pompey. He was the great Roman king, dictator, despotic, arrogant, adamant, serious natured and always dictating his own terms on his subjects. This made Brutus and his friends of eleven together to conspire and to assassinate Caesar. Brutus failed to understand Caesar and Caesar was not social with his friends and he hid many matters in the Senate. It was the fate of Caesar to be killed by his own close friends treacherously! Casca was the first to stab Caesar, then Decius, Cinna, Metellus, and finally Brutus.

Other important characters are his beloved wife Calpurnia and his one closer friend, Mark Antony. Calpurnia beseeches Caesar not to attend the Senate as she discloses her dream that Caesar was killed and his body was cut into pieces. Here Shakespeare through Caesar says,

‘Caesar is more dangerous than Caesar himself

‘Cowards die many times before their death,

But a valiant dies once in life’

‘He is the northern star in the firmament’

Caesar 2

But one thing is clear that Brutus was politically victimized by his friends. He says that ‘I love Caesar more, but I love Rome more’ when Brutus stabs the gigantic body of Caesar fell like a mountain uttering ‘Et tu brute!’

Antony discloses the ‘will’ made by generous and kind-hearted Caesar that he has shared his kingdom with all citizens. His speech discloses the real character and nature of Caesar. The mob becomes hostile. War takes place and people want to kill all conspirators. But they themselves committed suicide.

The end of Caesar becomes more dangerous in the play. The tragedy of Brutus starts.

The nobleman Brutus says that 'I love Caesar, but I love Rome more'

Caesar is considered the dictator by his friends. Except for Brutus, all conspirators hated Caesar. Brutus is in a real sense the real democrat. But Caesar is a democrat in his heart and dictator in disguise. He had documented 'the will' sharing all his wealth with all his subjects. Caesar is betrayed by Brutus who is a conscientious friend and philosopher who is swayed by conspirators. But the world witnesses conspiracy, assassination, treachery, jealousy, envy, and politics of democracy, dictatorship, noble and ignoble nature of human beings in the world.

In conclusion, Shakespeare is a genius, large-hearted, and ambitious, hero and villain, at the same time but at different poles to write such magnificent tragedy where Julius Caesar is remembered generation to come regarding friendship and betrayal. Shakespeare is an expert to establish an exceptional tragic flaw in his heroes.
