MESSAGE BY HON. CHAIRMAN VIDYA PRASARAK MANDAL

I am pleased to know that the 19th Annual issue of VPM's R Z Shah College Magazine VISTA is to be released. I congratulate the entire College team on completion of its 19 glorious years.

I am extremely happy that inspite of pandemic our students have brought laurels to the College by achieving great strides through their participation in various academic and extra-curricular activities. Our students have displayed their talent in the Intra, Inter Collegiate and University level competitions. College has achieved sixth position in the Youth Festival organised by Mumbai University sharing this position with Mithibai College, Vile Parle.

I appreciate the efforts of Students Council, NSS team, extension Committee, Women Development Cell, Rotary Club of our College for their contributions to the society through various activities like blood donation camp at Mulund Station, taking care of stray animals and providing them food and protection the whole year through the programs like "Voice to the voiceless".

Post pandemic, we have many new learnings and these have made our spirits grow stronger. Research Cell through Avishkar Projects has also instilled the spirit of research among the students and teachers. College has also conducted many online and offline workshops, webinars, Alumni meet, and Annual day, Cultural activities, Annual Inter-Collegiate Fest Fever Pitch. College team also successfully organised National Conference on 'Sustainable Development Goals-2030: Challenges & Opportunities' on online mode.

MESSAGE BY HON.GEN. SECRETARY VIDYA PRASARAK MANDAL

Dear Students, Parents, Teaching and Non-teaching Faculty of VPM's R. Z. Shah College, Mulund

Vista Annual Publication of the College gives an excellent opportunity to exchange views, ideas, thoughts and knowledge amongst all of us for the overall improvement of standards of education and cultural and social interactions. I am happy to pen my thoughts and views on the College affairs and management through this wonderful annual magazine of the college. The Pandemic conditions largely impacted the students' community in particular, as these formative years of higher education was not

served well due to absence of group learning and missing vital physical connect amongst the students and teaching community.. Definitely, the society in general cannot make this good and it all boils down to individual student and his teacher to compensate for such adverse situation.

However, I am happy to note that despite the above, our students have excelled in their activities and displayed their individual talents and brought laurels to the Institution. In a way, the adversity has made our students more adaptable to fast changing situations and navigate their educational pursuits to the best of their abilities.

The college had a change of guard during the past year and the new college management headed by In-charge Principal, Dr. Kavita Sharma and her able team guided the college affairs under the able leadership of Joint Secretary, Adv. Vijay Kulkarni. VPM management, under the Chairmanship of Dr. P M Kamath, took the important decision of renovation of college premises along with the adjacent School premises during the last year, facilitating a better facelift of the college. While the objective was to strengthen the life of the building, efforts were made to provide better learning environment to both students and teaching community and enable quality of learning process when the college starts physical classes on regular basis. It is heartening to note that while physical improvements were taken, simultaneously, Internal Quality Assurance certification efforts were accelerated, duly piloted by our Joint Secretary. The whole process of gathering data, validating the processes by a set of Teachers guided by an Expert, was exciting and it is expected that the Institution would be accredited with a decent rating. This would not have been possible without the support of the students' community who are the beneficiaries

of this quality improvement process and their continuous feedback would enable further improvement.

The Trust Management has also initiated many job oriented professional courses and has tied up with relevant Institutions who have supported the efforts of College in getting maximum openings for the students passing out from the college. It is expected that the students see this an opportunity to sharpen their skills and orient them to get a decent career growth in the long run.

Today the Institution is on the cross roads of focussed growth. For this, the College management needs to evaluate its core strength and weaknesses so as to rationalize its resources for the effective rendering of learning processes to students' community. While, it has core strengths in Commerce and other professional streams, it needs to re-focus on other streams so that there is optimization of teaching efforts and delivering better results of the students.

With the improvement in the college premises and targeted focussed growth, I am sure the Institution will improve the VPM brand in and around Mulund and suburban areas. Wishing the Students and College Management all the best in the coming years.

FROM PRINCIPAL'S DESK

The most important part of education is to inculcate in the students the spirit of We can do it. – APJ Abdul Kalam

With great pleasure, I present to you the 'VPM-VISTA' second edition of our annual digital College Magazine VISTA besides showcasing the talent and creativity of the students also depicts the enthusiasm, vibrancy, and momentum our College has gained this year.

VPM's R Z Shah College of Arts, Science & Commerce, has made a well-structured and improvised effort in carving a niche amongst other colleges in Mumbai whilst keeping pace with the technological advancement in the field of academics.

There has been a considerable emphasis on infrastructural and technological improvements to meet the growing demands of modern education which have further rekindled a spirit of curiosity and inquiry. The world we live in today looks very different than the one we knew two years ago. The transition from real to virtual has not been an easy task to achieve. Now again from new normal we are back to normal. Past two years are full of new learnings and learning to adapt and collaborate. We have come out stronger and learnt new mantra that is If you have to grow, you have to collaborate with each other.

This would not have been possible without the hard work of our Teaching and non-teaching staff and the leadership of our dedicated management, who rose to this tremendous challenge. In these testing times, we have tried to reach out to each of our students through our academic and extra-curricular online activities.

From the last semester we have conducted many offline extra-curricular activities along with starting with classroom teaching to bring back our students to name a few such as, sports events, Convocation ceremony for the degree distribution, Annual Day, NSS fest AROHAN, intra-collegiate fest FEVER PITCH, farewell to the final year students, Alumni musical meet.

We have also collaborated with various training institutes to make our students industry ready. This year too our robust training and placement cell has provided our students with internships and placed many students in reputed companies.

I am sure that our College will continue to grow from strength to strength with supportive Management, proactive students, their parents, and alumni. My compliments to the editorial team, technical team, and all the contributors for the efforts put into the creation of this digital magazine.

VICE PRINCIPALS' MESSAGE

MRS. ANJANEKA UDAY

VPM's R.Z. Shah college has successfully maneuvered through the various difficult criss-crosses the pandemic has laid to us all. During the pandemic, in the lockdown phases, activities concerning both curricular and extra curricular were strictly online. However as the restriction were gradually eased a hybrid approach to conducting activities both online and offline were resorted to in a very successful manner. For this I would like to thank for the kind support provided by all the stake holders of our college. One of the major take from the pandemic for all of us from the educational field is our ability to adapt to the online method of teaching and learning and utilising various digital tools that were made available.

Albert Einstein said, education is not about learning of facts but instead training young minds to think, aspire and develop in a righteous way. there is a big difference between cramming up facts and learning them in a manner in which they can be applied in productive ways. At VPM, We try to work towards holistic development of our young students and mould them in a way which is beneficial to their growth by providing them the tools and experiences that encourage students to think in a better and righteous manner. The aim is to create an empowered mind so that students are able to decide what is good for them ,

MRS. BARKHA SHAMNANI

differentiate between right and wrong, choose opportunities that will help them build up and enables to live in harmony with all existence. As the new Vice Principal I am delighted that the college values and alligns with my personal values including the importance of trust ,respect, innovation and the sense of community.

Benefits of cloud storage over offline storage:

- 1.It offers more security and control.
- 2.It reduces the chances of data loss.
- 3.Collaboration and data sharing is simple.
- 4.It allows access from a variety of devices at anytime and anywhere.
- 5.It provides storage for a lifetime

Disadvantages:

- 1.You'll need access to the internet.
- 2.Extra storage space isn't available for free.
- 3.Some services have issues with security and privacy

List of free cloud service providers:

- 1.OneDrive: With the OneDrive Basic plan, new users get 5GB of free storage, and with any Microsoft 365 plan (which includes a subscription to Office applications like Word and Outlook), you get a massive 1TB of storage. OneDrive is fully safe and secure, and it can sync files across many computers.

Official website:

SOME INFLUENTIAL LINES FROM “FOUR QUARTETS” BY T.S. ELIOT IN TERMS OF BHAGWAT GEETA

The poem discusses the idea of time and the concept that only the present moment really matters, because the past cannot be changed and the future is unknown. There is an emphasis on order within the universe and a need to believe in the Logos. The poem ends with an argument that God is the only one truly able to exist outside of time and knows of all time and place, but man is still capable of redemption.

***Time present and time past
Are both perhaps present in time
future,
And time future contained in time
past.
If all time is eternally present
All time is unredeemable. (Burnt
Norton I)***

These lines demonstrate Eliot's grasp of time, its spiritual significance and its philosophically exasperating nature which the poet contemplates in the line: "time is eternally present," an assertion that lends to time both relative and absolute properties while combining its various, fluctuating forms, the past forever disappearing, the future forever being born and the present forever being renewed into a single moment. Pointedly juxtaposing time and eternity, Mr. Eliot calls attention to the close relationship between them.

These lines find a relation to Lord Krishna's revelation of the idea of 'timelessness' to Arjuna in the BhagwadGita. He speaks:

***न त्वेवाहं जातु नासं न त्वं नेमे जनाधिपाः ।
न चैव न भविष्यामः सर्वे वयमतः परम् ॥
(The BhagwadGita , II, 12)***

(In Fact there was never a time when I was not or when you or these kings were not. Or is it a fact that hereafter we shall all cease to be.) And again,

***सर्गाणामादिरन्तश्च मध्यं चैवाहमर्जुन ।
अध्यात्मविद्या विद्यानां वादः प्रवदतामहम्
(The The Bhagwad Gita ,X, 32)***

(Oh Arjuna, I am the beginning and the middle and the end of all creations. Of science, I am the science of all the soul, or metaphysics, in disputant, I am the right type of reasoning.)

There is another stanza of analogous concept, which describes the influence of Gita in poem:

***Not that only, but the co-existence
Or say that the end precedes the
beginning
And the end and the beginning were
always there
Before the beginning and after the end,
And all is always now. (Burnt Norton,
v)***

As Lord Krishna confirms his conviction that 'time is timeless' and so it can be free of all past, present and future Mr. Eliot follows the same in its full content, affirming that there is neither past nor future but only present. It has been concentrated that the universe is in a continual flux of change, limited in its simple form of happening.

OUR FIRST DAY IN V.P.M'S RZ SHAH COLLEGE CAMPUS AFTER TWO YEARS OF ONLINE CLASSES

Friday, 18 March 2022

The title says it all. This image above captures many of the emotions that a student experiences on the first day of college. And there is something about this photograph that makes it even more memorable, because there were so many mixed emotions that all of us, our teachers as well as all of the students at SYBAMMC, were experiencing. After a nearly two-year wait, we finally met face to face.

So, February 22, 2022 was the day when we all finally got to attend our offline lectures, and finally we got to step into our classrooms and have all the fun and enjoyment which we used to have during online classes via Google meet. The best thing which happened was our college started during 'The College Days' so it was double the joy of getting to celebrate all these days. It was GROUP LOOK A

LIKE DAY and all our classmates formed different groups and tried to color match clothes to form a group. I remember one day before, late at night we all were so excited and deciding what were we going to wear. I guess most of us didn't get enough sleep due to the excitement and happiness. Our first lecture was of Sharmishta Ma'am, she was so welcoming, she filled our hearts with positivity and she greeted everyone with tremendous enthusiasm.

Our classroom was filled with giggles during her lecture. Then our sweetest Surbhi Ma'am came to greet us all after the lecture ended, and we were all overjoyed, as we all were meeting her for the first-time face to face. She has always encouraged us to do our best. Then we concluded this beautiful day with a group photo with our two incredible teachers, to cherish this priceless memory that will dwell on in our hearts forever.

THE HUMBLE NATURE... .

Friday, 18 March 2022

A beautiful quote by Maxime Lagace, "By discovering nature, you discover yourself".

Once you start falling in love with nature, you will fall more for it. Have you ever thought why are we hustling? What are we searching for? By hustling what are we going to achieve?

Sometimes, it is necessary for us to take a break and spend some time with nature. Our mother nature doesn't hurry then why do we? Laying on the bed of soft green grass, staring at those white cotton candy clouds in the blue sky and suddenly the wind kisses you and touches your hair...Nature has inspired not only poets, writers but also the common man.

Mother nature who never harm us but always nurtures us. It is usually seen that people who live close to nature, especially the villagers live a happy life as compared to urban people. Nature provides our ears the sweet voice of birds which energizes us with fresh air which touches our soul with joy.

Though we humans today are polluting nature in such a way that the healing pace has fallen slowly. So being a human it is our duty to show some humanity towards nature by safeguarding it.

THE POLICY OF MY NATURE

Friday, 18 March 2022

India after getting its righteous part of the Independence in the very year 1947, we are heading towards the 75th year of the Independence. The current NDA(National Democratic Alliance)government has specially mentioning this event as 'Azadi ke amrit mahastova' . Now the question of the hour arises who is the superior authority in our country?? The answer to this question is very one and all in nature but there our widespread opinions, ideas, viewpoints, theories, preceptions, ideologies and what not on this topic.

The answer to this question lies in the Preamble of the Constitution where it says that "on this date of 26 January 1949 we do hereby adopt, enact this Constitution". Now I will reveal certain unknown and unrecognizable facts of our Constitutional history which our really historic in nature. Although we proudly celebrate the 26 January of every year as "Republic day", but it took a time period of exactly 2 years ,11 months and 8 days to prepare this whole "gathna" as addressed in the masses.

More than 80 Constitution of various countries were used and consulted for drafting of it and specifically it was the UK and US Constitution which the assembly heavily depends on. The modus operandi of the development of this prime apex law was the

"Fundamental Right" and it took almost 38 days to prepare and implement Article 14 and Article 32 of the Constitution as various aspects of it had been debated and discussed. 38 days to prepare and implement Article 14 and Article 32 of the Constitution as various aspects of it had been debated and discussed.

Now answer to question that who is superior and greater in this country is specific and that is we "PEOPLE". Currently we all need to participate in our democratic nation since we also our bind to certain fundamental duties enshrined in the Article 51(A) of the Constitution. As we our known to this

this fact that our country is a pluralistic in nature where various religions , castes, communities , races do live in harmony and fraternity . The general inclusion of the people in our country is that the ministers specially the prime minister is the apex authority and has all the powers assigned to him and there is a general tendency where MLA(Members of the State legislature), Corporator, MP(Members of Parliament) are considered to be some powerful and dictatorial person since the mob publicity they carry with themselves , however I proudly would like to say that even this public representative are appointed under the Representation of the People Act 1950 formed under the Article 13. Then arrives the point where is the concept of religion most powerful than anything? Again, the Article 19 of the Constitution gives us the right and liberty to practice and profess a particular religious belief, idea, caste , person and what not! Secularism which was added in the 42nd amendment act and it clearly says that India doesn't follow any religion and equal treatment to every religion shall prevail. The Constitution of our country is itself a codified law and would want that everyone around me who is a part of our society gets a sound awakening and "LITERALLY" follows what was said by the founding fathers.

WHAT DID KRISHNA SAY ABOUT KALI YUGA?

Friday, 18 March 2022

What Did Krishna Say About Kali Yuga?

The Kali Yuga is related to the demon Kali. "Kali" in the Kali age means "dispute", "disagreement", and "fight". Krishna's departure marked the end of the Dvapara era and the Kali era.

There were predictions made by Krishna About Kaliyuga. They are as follows:

(1). Religion, truth, cleanliness, tolerance, compassion, longevity, physical strength, and memory will fade day by day due to the powerful influence of the Kali era.

(2). In Kali Yuga, only wealth can be regarded as a sign of a person's good origin, correct behavior, and excellent quality. Law and justice will only be applied based on the power of the individual.

(3). Men and women will live together because of apparent attraction, and business success will depend on deception. Femininity and masculinity will be judged based on a person's sexual experience. A man can be called a Brahman by just wearing a thread.

(4). A person's spiritual status is only determined according to external symbols. If a person cannot live a good life, his manners will be seriously questioned. A person who is very good at juggling is considered a scholar.

(5). A person without money is considered impious, and hypocrisy is considered a virtue. The marriage will be arranged simply by verbal

agreement, and if a person takes a bath, they will be deemed fit to appear in public.

(6). A sacred place will be considered only a deposit located in the distance, and beauty will be considered to depend on a person's hairstyle. Filling your stomach will become the goal of life, and bold people will be considered real. A person who can provide for his family is a capable person who obeys religious principles only for the sake of reputation.

(7). As the earth fills with people and so many corrupt people, whoever proves that they are the most powerful of any social class will gain political power.

(8). Suffering from hunger and

excessive taxes, people will have to eat leaves, roots, meat, wild honey, fruits, flowers, and seeds. Encountered by drought, they will be destroyed entirely.

(9). Citizens will suffer significantly from wind, cold, snow, heat, and rain. They will be further afflicted by fighting hunger, thirst, disease, and severe anxiety.

(10). The longest life span of human beings in the age of Kali will be 50 years.

(11). Men will no longer protect their ageing parents.

(12). In Kaliyuga, even for a few coins, men will hate each other. By giving up all friendly relations, they will be willing to sacrifice their lives and even kill their loved ones.

(13). The uneducated will receive alms in the name of the Lord and earn a living by showing asceticism and wearing beggar's clothing. Those who don't know anything about religion will climb to the top and dare talk about religious principles.

(14). The servant will abandon the master who has lost his wealth, even if the master is a saint with noble character. The master will abandon an incapable servant, even if that servant has passed from generation to generation in the family. When cows stop producing milk, they are abandoned or killed.

(15). Thieves will rule the city, atheist speculative interpretations will taint the Vedas, political leaders will indeed swallow up citizens, so-called priests and intellectuals will become devotees of their abdomen and genitals.

DEMOCRACY OR DICTATORSHIP?

Friday, 18 March 2022

Throughout history and around the world today, there have been many different systems of government. While some government systems have changed others have remained the same for generations. Since the 19th and 20th century both democracy and dictatorship emerged as a major form of government in the world.

Democracy and Dictatorship are two polar opposite ways of leading a country, each with positive and negative effects on its citizens. The importance of democracy is understood when one lives under a dictatorship regime. In the same way, the down comings of democracy will be known when one lives and experiences the upsides of a dictatorship. Usually, the perception is that dictatorship is bad and democracy is good. While the history and statistics suggest us that perception is right to an extent, but it is not always true.

So, to find out which type of governance is good for our future society lets first understand what is democracy and dictatorship.

What is Democracy?

Democracy is a form of government in which general public take interest and use their rights to elect their representatives. Public participation is very important in a democratic system

also the citizen of the country is aware of social issues. Besides, the representatives are elected by means of elections and they are monitored impartially to ensure system integrity. People in a democratic country have certain rights which are equality, political freedom, and the rule of law. The eligible people have access to the legislative and are equal before the law. In addition, every citizen's vote has equal weight and value. Also, the constitution protects the liberties and rights of the citizen of the country. The constitution also protects human rights through coordination and co-operation. Equality is the heart of democracy.

What is a Dictatorship?

It is a form of government in which absolute power is in the hands of the dictator. The dictator acts like the whole nation itself.

The main characteristics of dictatorship are the suspension of the election, rule by decree, lack of civil liberties, repression of political opponents, and proclamation of the state of emergency without acting in harmony with the rule of law. Dictators take advantage of their position they do so by restraining the freedom of speech of the citizen they do so to maintain their political and social supremacy.

What are the Pros and Cons of democracy?

Democracy, one of the most popular forms of governance in the world, is seen as the best form of governance as compared to other forms like fascism, authoritarianism or dictatorship. So, what are the pros of democracy?

Pros of Democracy

- People have the right to choose their leaders
- Every citizen of the country irrespective of caste, creed, gender or religion is given an equal opportunity to become a leader one day. An inspirational example is that of the present Prime Minister of India, Narendra Modi who was a tea seller with a humble and financially weak background
- Freedom and liberty for each and every citizen
- Leaders will be kept in check in case they are corrupt or have bad agendas
- People have the right to demand

accountability and action

- Justice and liberty are served in democracy

These are the pros of democracy. But most of the time, not all the pros mentioned above are effectively implemented. And hence, there come our cons of democracy

Cons of Democracy

- The demanding of accountability from governance can be taken advantage of by a section of people in the society to stall governance.
- The fundamental rights guaranteed to the people can be misused for harming the people of the country.
- Frequent changing of the governmental regimes (usually once in every 4 to 5 years) results in cutting off the flow of work and hence efficacy of governance reduces.
- Democracy is usually a majoritarian form of governance. Hence, the minority section might feel left out.
- The government can use propaganda to follow the divide and rule policy to govern resulting in civil wars and unrest.

What are the Pros and Cons of Dictatorship?

Let us now see a few pros and cons of dictatorship regimes

Pros of Dictatorship

- The single government can stay as long as they wish to, hence the flow of work is continuous and efficacy of the government works are high.
- If the dictator is loved by people and

is actually doing good work, a strong leader will be a big asset for a country.

- The economy will be strong since the bold decision can be taken without fear of backlashes or accountability.
- Since the opposition is almost redundant, time and money are not wasted on elections and petty politics.

Cons of Dictatorship

- The common citizen is not actively involved...
- Voices are suppressed and criticism of the government is unwelcome.
- Fundamental freedoms are taken away from people.
- Dissent and debates are always seen as a threat to the governments.
- Regimes can start taking a decision which is against the interest of the people of the country.

Conclusion

So, from what we have seen till now is that both democracy and dictatorship have their pros and cons. In one way the democracy might be the best way of governance and in other way dictatorship might be the best way of governance. But it is very difficult to select one among them as both are having their own cons. So, the best way of governance is democracy as it gives equality the first priority and as Abraham Lincoln said "Government of the people, by the people, for the people, shall not perish from the Earth."

NATURE

Within the various uses of the word today, "nature" often refers to geology and wildlife. Nature can refer to the general realm of living plants and animals, and in some cases to the processes associated with inanimate objects—the way that particular types of things exist and change of their own accord, such as the weather and geology of the Earth.

The most important contribution of nature to human life is, of course, food. It would be impossible to continue to survive on the planet if we did not get nutrition from the planet itself. Imagine if there was no nature around us. That would mean no crops would grow, no animals would roam, and no trees would be there to bear fruits and flowers.

As far as we know, our world is unique in the universe, defined by three elements, Air, Land and Water. Each element has its own special properties and phenomena and is home to myriad lifeforms that have infiltrated every habitat, from the deepest oceans to the tiniest nooks and crannies. Nature works hard to protect us and to sustain our everyday lives — a fact that is often under-appreciated. But it plays a vital role, providing clean air, clean drinking water, clothing, food and raw materials we use to build shelter.

How should we protect nature?

. Healthy ecosystems clean our water,

purify our air, maintain our soil, regulate the climate, recycle nutrients and provide us with food. They provide raw materials and resources for medicines and other purposes. They are at the foundation of all civilisation and sustain our economies. medicines and other purposes. They are at the foundation of all civilisation and sustain our economies.

How are human beings responsible for natural disasters?

Our sprawling cities and consumption of fossil fuels also have a direct impact on the environment. These activities are also causing changes in global weather patterns, leading to an increase in natural disasters like floods and wildfires.

STUDENT LIFE

HELLO FRIENDS,

I am your friend BHOOMIKA SHETTI from FYBOM-A student of VPM's R.Z SHAH COLLEGE. Today I want to share about our life as a student life.

We are playing many roles in a day, as a son/daughter, as a student, as a brother /sister, friend etc. In this role the very important role is STUDENT. Student life is a portion of life that a student spends during his academic period, i.e., the time spent during the school, and college and university education.

Student life is the daily life of a student, typically involving social activities within the educational campus, or the time spent with school-mates and teachers.

This is the time to study hard, because it is the base of our future, for example; a building should stand for more years then base should be strong if base is not strong the building will get down soon. Like that studies is the base of our future, everyone wants their life should be ROYAL LIFE. If you want in future your life should be royal do hard work. STUDIES like an investment for our future, so we have to invest the time for studies.

Our money, gold, jewelry, land etc anyone can steal that but our knowledge will no one steal it. I know, we want to enjoy our life now... but there is a limit. We have to set a time table for studies as well as for enjoyment. If you will follow that time table definitely you

will get success in your life. Not in studies you should participate co-curricular activities also it is very beneficial to us. But don't mix studies and enjoyment. If you don't do any hard work in future you will blame yourself, why am I not studying hard? But now that time because time has gone. If it had gone it will come never back.

Respect your Teachers, your Parents and every one not only with elders but also with younger's. If you give them respect they will also give respect to you. "GIVE RESPECT AND TAKE RESPECT".

SOOO... I HOPE YOU UNDERSTAND WHAT I WANT TO TELL & YOU WILL CORRECT YOUR MISTAKES.

THANK YOU
FROM

It means that although there is water all around us , in Earth's oceans, seas , lakes, rivers, etc.,most of it is not drinkable water! The oceans cover up more than 70 percent of all the Earth's surface, which is why it is very easy to raise the question – then why do we say that there is a shortage of water ? It is because the water in the oceans is so salty that it is not safe to drink it .

Water is the single most important resource on the planet that we live on , and that is why it is essential that we live on , and that is why it is essential that we conserve it . Water is the basic necessity for all living beings, and it is incredibly important to conserve it . It is not only important for living and breathing things , but also for many inanimate objects that humans create. Water constitutes more than 70 percent of the Earth's surface , and yet we do not have enough water for our needs . It is essential to conserve and save water for ourselves and the entire planet Earth.

The most essential and vital natural resource is water, which is available to a human being is water , which is available to a human being by Earth and it's different elements. The most essential and vital natural resource is water, which is available to a human being is water , which is available to a

human being by Earth and it's different elements

For us water is the most critical asset. It is a fundamental element for every life on Earth may it be flora or fauna. Without water , no life can survive, and Earth will be as dry as a rock . Water is additionally fundamental for purposes of irrigation and essential ordinary works .

Earth is the only known planet in this universe where life is possible only because of the availability of water and oxygen. Water is most important necessity of life for all the living beings on the Earth . Without water no one can exist even for a day . We also know that there is very less percentage of clean water means drinking water available on the earth . So, we should not waste

clean water and save it for future generations.

We should change our bad habits into positive ones and spread awareness among people about the importance of clean water . We should promote the less use and saving of clean water to maintain the continuity of life on the earth .

LOCKDOWN LEARNING

We used to imagine and read that the internet feature everything will be online but the coronavirus pandemic made it real and affected the education system worldwide.

The coronavirus resulted in the closure of schools and colleges across the country. Education changed dramatically during the lockdown period, with a considerable rise of e-learning, whereby teaching was executed remotely and on digital platforms.

Over the months, many of the students learned a lot about the drawbacks and benefits of this type of education. Recognizing that the virus is not only a boon for students, everybody had to adapt to their online education sometime. The online courses felt better than before. The vibe in the classroom had completely changed. Children had the liberty to mute their mikes when taking online classes (and talk to who they wish), and some children are also prone to get up and wander away from their class.

My experience of online learning has been quite a different and unique one.

Online classes are new to us. When I first heard that I would have to study online I was very excited and sometimes even nervous.

I had many questions in my mind that how would I study...?? How will I manage my studies...?? etc. But after I started attending online classes.. I had mixed feelings about online classes.

All my teachers were trying their best to clear all our doubts and hold our attention by making us interact. Group projects really helped us to know each other and made us learn together. We also had TBT sessions arranged by our teachers where we were allowed to showcase our talents and talk about what we like to play games. We had more time to spend on our hobbies. A couple of times, there were some issues relating to the poor quality of internet connection. I really missed the physical classroom and interacting with my teachers and classmates. Hanging out with friends. Celebrating college fest together. But our college tried their best to conduct all the fest, parties and workshop in online mode. In my opinion, a physical classroom is much more effective than online learning. But these classes have helped me to keep up with my studies and disciplined me towards learning. This has also inspired me to explore new digital learning tools. This would be a memorable experience of online classes.

AJAMILA'S

Ajamila's story is given in the Bhagavata Purana (6th Canto, chapter 1) as an example to illustrate that even the most wicked person can attain Visnupada (salvation).

Ajamila was a brahmana who was once sent by his father to the jungle to fetch samit (leaves and twigs to make the sacrificial fire). Ajamila met there a beautiful sudra woman. Forgetting everything, the brahmana made her his wife and children were born to them. When that brahmana, who was the very embodiment of all vices, reached the age of eighty-seven, the time came for him to die. Yamadutas (agents of Yama, the god of death) had arrived. The frightened Ajamila shouted loudly the name of his eldest son, "Narayana". Hearing the repeated call of his name "Narayana", servants of Visnu appeared there and dismissed the agents of Yama. From that day Ajamila became a devotee of Visnu and did penance on the bank of the Ganges and after some years attained salvation.

Ajamila was saved from hell because he chanted "Narayana" as the Yamadutas approached him. Afterwards Yamaraja forbade his servants from touching devotees who "even if by mistake or because of bewilderment or illusion... sometimes commit sinful acts," because "they are protected from sinful reactions because they always chant the Hare Krsna mantra."

Yamaraja then told the Yamadutas:

"Paramahamsas are exalted persons who have no taste for material enjoyment and who drink the honey of the Lord's lotus feet. My dear servants, bring to me for punishment only persons who are averse to the taste of that honey, who do not associate with paramahamsas and who are attached to family life and worldly enjoyment, which form the path to hell.

"My dear servants, please bring to me only those sinful persons who do not use their tongues to chant the holy name and qualities of Krsna, whose hearts do not remember the lotus feet of Krsna even once, and whose heads do not bow down even once before Lord Krsna.

It is an ugly place, of squalor and misery prevails

everywhere. Baka is the protagonist of the novel.

In the entire novel, there is a 'mirror' reflecting pathetic condition of untouchables. The orthodox Hindu society labeled the status of untouchability to the lowest and ignorant millions of people thousands of years ago and is still continued everywhere in India. In the Hindu fold Sadhus and Fakirs are treated with great respect and charity provided but not to a man like Laka or Baka who are the pragmatic philosophers of cleanliness and hygiene. On the contrary they are treated badly.

The following incidents are the subjects of the novel 'Untouchable' created by Mulk Raj Anand.

INCIDENT I: Baka has inherited the weakness of the downtrodden and the helplessness of the poor. Suddenly he receives a hockey stick from Master Charat Singh. Happily he cleans all toilets in the cantonment suggested by Charat Singh and salutes him and gets satisfaction and fulfillment. The first incident shows the humility and tolerance and fulfillment in Baka's life.

INCIDENT II: In Bulandshahr the outcastes are not allowed to fetch water themselves from the village well. They are not allowed to touch the well walls and the platform. They have to stand at a distance waiting for the high caste man or woman who can drag water and pour in their pitchers. It reminds me of my childhood, 50 years ago the same condition was prevailed in my village. Now these incidents are not there but the stigma attached to untouchables has still remained.

Baka's sister Sohoni comes with a mud pitcher to fetch water. She is 18 years young, healthy with a gifted beauty of cuddlesome cheeks, a round chin, long hair but not

Untouchable 2

properly combed. She has healthy breasts visible in her muslin dress. Food and dresses got in alms. Looking at Sohoni, the washer woman Gulabo starts abusing her in bad words. 'Bitch, why don't you speak? Prostitute, why don't you answer me?' In the meantime, there comes the temple priest of middle-aged, Pundit Kalinath. He is interested to exercise dragging water from the deep well to avoid and improve his problem of constipation. Pundit Kalinath abuses all untouchables. But his evil eyes fell on Sohoni. Sohoni is innocent with adulation looks pleasant and calm with humility. Pundit Kalinath readily pours water in her pitcher and in the meantime is able to see her chest under her muslin shirt. Pundit Kalinath is very happy, aroused with libido, asks Sohoni to come to the temple to clean the courtyard, looking at her with the intension of molesting if she comes alone in a lonely place.

INCIDENT III: Baka goes to a sweetmeat shop and buys Jalebis worth of four annas. As a treatment to the untouchables the shopkeeper throws Jalebis folding roughly in a piece of paper and receives nickel coins after sprinkling water on them. It is usual for Baka, no reaction from his side, but only to get Jalebis and consume it was important.

INCIDENT IV: Baka received Jalebis like a cricket ball. In the shop it happens to

to be near the other customers who always blame him to keep away. While eating Jalebis there is possibility of looking or touching someone. So Baka is abused. 'You swine, you have touched me and defiled me. Now I have to take bath again.' Baka is paralyzed and wants to apologize who is not given a chance. Again he is abused 'a dirty dog! Son of a bitch! The offspring of a pig, spitting venom!'

In the meantime, he is received by the Tongawalla who is a Muslim takes away Baka indiscriminately.

INCIDENT V: In the temple Baka is engrossed with the rhythm of the prayer song without properly understanding its meaning. He forgets to shout at the higher caste audience to show his identity of untouchability. 'Polluted, polluted, polluted! All people shouted at Baka. He is afraid of the consequences and stunned like a dead body.

At the other end, Pundit Kalinath failed to molest Sohoni as she resists and run out of the temple. On the contrary, Pundit Kalinath antagonistically claims and proves that he is right and shouts 'polluted, polluted, polluted by you bitch! Baka comes to rescue his sister.

'Tell me, tell me, what happen, I will kill him.' However it is not materialized as he is untouchable.

INCIDENT VI: Baka returns from the temple hungry and sad. On the way he cries, 'Bread for the sweeper, mother, bread for the sweeper'.

'Bham Bham Bholenath' Sadhus and Fakirs are begging for alms and Hindu women with great devotion show charity to them, but not to their sweeper who sweeps their colonies. It is the dirty

micro level politics shown by the Hindus in daily life. Ultimately it is the caste factor play an important role. At the time of elections referring Gandhi's teachings regarding uplifting untouchables, politicians beg for votes assuring them to remove untouchability. Even constitutionally the Indian parliament passes various laws in favor of the untouchables, but all in vain. It is the irony of the Indian caste politics.

Every day Baka was abused by dozens of colony people wherever he goes. Examples are, 'you son of a gun, rascal, eater of your master's vessel, your life never float in the sea of existence! May you perish and die, you have defiled my house. Go! Get up! Get up! You eater of your masters!' 'Why don't you shout at a distance, if you want food? Is that your father's house you have to rest here?'

Untouchable 3

Mulk Raj Anand in the entire novel meticulously deals with the social evil and stigma of 'untouchability' prevails in Indian society.

INCIDENT VII: Baka suffers from fever. Laka takes him to a Hakim. Hakim abuses Laka and asks him to stand away. 'Do you want me to have another bath this morning?' Laka is upset and in one breathe requests Hakimji to treat his son Baka. He says that 'the meaning of my life is my child. I shall be your slave.'

To his surprise after some time Hakimji comes to Laka's house and gives medicine to Baka. He gets showers of praise from Laka. Religion prevents touching outcastes.

All the incidents, problems and solutions

evolve round the hero of the novel Baka who is disillusioned always. Mulk Raj Anand in his novel 'UNTOUCHABLE' suggests the following three solutions to eradicate untouchability.

1) The Christian Missionary: Baka moves alone, brooding. He meets Col. Hutchinson who suggests Baka to accept Christianity to overcome the problem of ill-treatment. But Baka is in confusion, unable to take decision and decides to remain in the Hindu society.

Col. Hutchinson convinces Baka that Jesus died for humanity. Baka feels sympathy but failed to understand why Jesus died for the humanity. Baka sees Col. Hutchinson is man-handled and dragged by his wife and call him by his name. If he is unable to control his wife, how can he be able to transform the society? Anyhow Baka learns the idea of not changing his religion.

2) Mahatma Gandhi and his Gospel: At Golbaugh, Bulandshahr a meeting was organized by the Congress leaders. Millions of people had gathered to hear Gandhi's speech. Along with the crowd Baka also went there. He wished to shout at the crowd to keep away from him as he is untouchable. Nobody cared and heard him. At the crowd it was awful and sometime Baka was happy because he touched many and many touched him, as if untouchability is over.

Gandhi spoke about Harijans as they were not at all different from the Hindus and their touch was not at all pollution. Gandhi also spoke about how problems like untouchability made foreigners to have a grip over the Indian society hundreds of years. Gandhi referred Uka a scavenger-cum-servant in his family

many times touched him which was prohibited by his parents. Gandhi advised that cleaning toilets was more important than making laws in the parliament. In his speech he did not blame Hinduism, but blamed high caste Hindus. Gandhi preached untouchables to lead a dignified life, not begging, not accepting alms and leftover eatables. They should leave consumption of liquor and meat eating. They should work and become independent and lead a life without obligations.

3) The Young Poet's Message: Gandhi advised people not to become slaves of machines. This statement was disliked by many leaders in India. But everyone felt that he is the greatest liberating force of present age, whereas, the young poet gives the idea of accepting machines. You untouchables, your work will be done by machines. Only you have to flush a button. The poet says that like Gandhi even he do not like machines, but he wishes untouchables to accept machines, because they do your work actually reducing your stigma of untouchability. You untouchables, you have to change according to the changing time and situation. Baka was happy that his works would be done by machines!

In conclusion, Mulk Raj Anand a great well known novelist, social reformer and scholar suggests every one of us to treat all people in the world equally, irrespective of their religion, caste, creed, color, language, sex and community.

WOMEN EMPOWERMENT

Women Empowerment is one of the most critical and essential things that everyone should support. It is when women are given the most power and right to make decisions for themselves. Women have been subjected to injustice through decades. They have been treated as non-existent for decades. Women were else was always making decisions for them. This is one of the biggest reasons for women's empowerment. It was one of the essential things which were the need of the hour. Women were made aware of their rights. Along with their rights, women were taught how to be self-independent in all aspects of their lives. They were taught how to create a space for them where they can grow and become the people they want to be.

The men always had all the rights. However, the women didn't have any of these rights, even a small right like voting. Things changed when women realized that they, too, need equal rights. This brought along the revolution by the women demanding their rights. It spread the awareness that gender shouldn't be the reason for that things go in their favor.

Countries all over the world called themselves, progressive countries" but every one of them has a history of ill-treating the women. Women in these countries had to fight against the systems to get the freedom and status that they have achieved today. However, in India, women's empowerment is still lagging. There is more awareness that needs to be created for the awareness to spread.

India is one of the countries which is not safe for women, and there are several reasons for the same. One of the reasons for their lack of safety is the danger of honor killing. Families think that it's the right to kill the female if they have brought shame to the family and reputation of the family.

Another big problem that women face is that there's a lack of education. Women are discouraged from pursuing higher education in the country. Along with that, they are married early. The men dominating the women think that the role of women is limited to work for them. They don't let these women go, and these women have no freedom.

The need for women empowerment is one of the most significant needs of the hour. There are many ways in which women can be empowered. People should be united together to make the reality of the women empowerment. One of the significant steps towards women empowerment would be towards educating women. Education should be provided and encouraged so that more women can be literate. The education that they receive is going to help them pursue what they want to pursue. Women can have the life that they want to have and be happy in it

आई

माझी आई माझे सर्वस्व आहे. उगाच असे म्हटले जात नाही की,आई नाही तर काही नाही. स्वामी ततन्ही जगाचा आईवर्ना भिकारी. माझ्याकडेकाही आहेकी नाही मला माहीत नाही. पण माझ्याकडे अशी एक संपत्ती आहे ती म्हणजेमाझी 'आई'. ती बहु धा अनेक लोकांकडे नसते. पण जयांच्याकडे असते त्यांना ततची कक ं मत कळत नाही. आईची माया, प्रेम जगात क ु ठेही भमळु शकत नाही. बाजारात आपण पैसे दिले की काहीही वर्कत घेऊ शकतो. पण आईचे प्रेम बाजारात ककतीही पैसे दिले तरी आपण भमळर् ूशकत नाही. 'आई' ही घराची शिवा असते. ततच एक दिर्स जरी घरात नसली आणण आपण बाहेरून आलो तर ततला शोधायला सु रुरात करतो. जेव्हा ती दिसते तेव्हाच आपल्या जीरात जीर् येतो. ती जर आपली एढी काळजी घेत असेल तर, ततच्या म्हातारपणात ततने औषधांसाठी पैसे मागगतले तर आपण च ु क ू न ही नाही बोलले नाही पादहजे . म्हातारपणात आपण ततची काळजी घेर् ू न जे ततने आपल्याला लहानाचे मोठे के ले आहे त्याचे ऋण फे डले पादहजेत .तरच मी तरी समजेल की आपण आपल्या आय ु ष्यात सु खी आहोत . म्हातारपणात ततला आपणच आधार द्यायला हर्. माणझ आई जगासाठी कशी आहेमला मदहती नाही पण माझ्यासाठी ती माझी िर् आहे. स्वामी ततन्ही जगाचा आईवर्ना भिकारी!!

Peom बायको

देवाला बायको कळली...
पण माणसाला कधी समजेल काय माहित.....

पंढरपुरात मंदिरात एकटी
उभी रखुमाई पाहून...
मी फोनच लावला त्या
सावळ्या विठूला न राहवून...

असा रे कसा तू विठू
तुझ्या बायकोशी वागतोस...
तिला एकटीला सोडून का
बाजूच्या मंदिरात उभा रहातोस...?

फोनवर तिकडून बोलताना
विठूने मला सुंदर उत्तर दिले,
त्यांचे गोड शब्द कानी ऐकताच माझे भानच हरपले...

रोज भेटायला येऊन गर्दी
करता ना तुम्ही सारे पाहुणे...
माझ्या सोबत उभी राहून
कठीण होईल तिला आराम मिळणे...

शेजारच्या मंदिरात उभी राहून ती मला चोरून चोरून पाहते...
तिचे ते प्रेमळ पाहणे
मला फार फार भावते...

नाजूकशी रखुमाई
लाडकी आहे ना ह्या श्रीहरीची....
म्हणून काळजी घेत असतो
मी माझ्या परीची...!!!!

!!म्हणून मी नेहमी आनंदी असतो!!

मी भुतकाळ चघळत नाही
मी भविष्याची चिंता करत नाही नियोजन करतो
मी वर्तमानात जगतो
*म्हणून मी नेहमी आनंदी असतो

मी कुणाकडून काडीची अपेक्षा करत नाही,
मी कुणाबद्दल राग मनात
धरत नाही,
मी लगेच सगळ्यांना माफ करतो,
*म्हणून मी नेहमी आनंदी असतो.

मी हायफाय राहण्यासाठी धडपडत नाही,
आपुलकीची आणि मैत्रीची किंमत नसणाऱ्यासाठी कधीच
दुःखाने तडफडत नाही,
साधं राहून आपल्या माणसांत सुखानं रमतो,
*म्हणून मी नेहमी आनंदी असतो.

कोण काय बोलतं ह्याचा मी कधीच विचार करत नाही,
कोणी काहीही बोलल तरी
पुन्हा मी ते स्मरत नाही,
माझे जीवन स्वछंदी आहे,
ते मी मजेत जगतो,
*म्हणून मी नेहमी आनंदी असतो.

मला ना पदाचा ना ज्ञानाचा
अहंकार, कधी मला
तुच्छतेचा विचार, कधी
मनाला नाही भावला,
पाय जमिनीवर ठेऊन प्रसंगी
अनवाणी चालतो,
*म्हणून मी नेहमी आनंदी असतो.

जगायला काहीच भौतिक
सुख लागत नाही,
म्हणून मी गर्वाने कधीच
वागत नाही,
सगळ्यांशी प्रेमाने आदराने

आपुलकीने वागतो,
*म्हणून मी नेहमी आनंदी असतो.

जन्म शाश्वत आहे तसा मृत्यू देखील शाश्वत आहे, ही जाणीव
आहे,
माझ्यातही दोष आहेत आणि
काहीतरी नक्कीच उणीव
आहे,
माझे दोष मी रोजच पाहून
सुधारण्याचा प्रयत्न करतो,
म्हणून मी नेहमी आनंदी असतो.

काळाच्या निरंतर वाहत्या प्रवाहा मध्ये..

आपल्या थोड्या वर्षांचा..

हिशोब काय ठेवायचा...!!

आयुष्याने भर भरून दिले असताना..

जे नाही मिळाले त्याचा..

हिशोब काय ठेवायचा...!!

मित्रांनी दिले आहे,

अलोट प्रेम इथे...

तर शत्रूंच्या बोलण्याचा,

हिशोब काय ठेवायचा...!!

येणारा प्रत्येक दिवस,

आहे प्रकाशमान इथे..

तर रात्रीच्या अंधाराचा,

हिशोब काय ठेवायचा...!!

आनंदाचे दोन क्षण ही, पुरेसे आहेत जगण्याला..

तर मग उदासिनतेच्या क्षणांचा..

हिशोब काय ठेवायचा...!!

मधुर आठवणींचे क्षण,

इतके आहेत आयुष्यात..

तर थोड्या दुःखदायक गोष्टींचा..

हिशोब काय ठेवायचा...!!

मिळाली आहेत फुले इथे, कित्येक सहदा कडून..

मग काट्यांच्या टोचणीचा..

हिशोब काय ठेवायचा...!!

चंद्राचा प्रकाश आहे, जर इतका आल्हाददायक..

तर त्यावरील डागाचा..

हिशोब काय ठेवायचा...!!

जर आठवणीनेच होत असेल, मन प्रफुल्लित..

प्रौद्योगिकी ने हमारे जीवन को बदल दिया है और तेजी से संचार, त्वरित सूचना पहुंच और ऑनलाइन बातचीत के साथ दुनिया को छोटा बना दिया है। तकनीकी प्रगति ने सब कुछ हमारी उंगलियों पर ला दिया है, जिससे जीवन अधिक सुखद और सुविधाजनक हो गया है। आज, यदि आप कुछ खोजना चाहते हैं, तो इसके लिए इंटरनेट पर केवल कुछ क्लिक की आवश्यकता है। वस्तुतः किसी भी चीज़ के लिए एक ऐप है, जो तत्काल और प्रासंगिक जानकारी प्रदान करता है। सीखने, यात्रा करने, खाने से लेकर लगभग ऐसी कोई भी चीज़ जिसके बारे में आप सोच सकते हैं, ऐप तकनीक के माध्यम से सुलभ है।

प्रौद्योगिकी और भविष्य

प्रौद्योगिकी ने हमें अद्भुत उपकरणों और संसाधनों तक पहुंच प्रदान करके हमारे दैनिक जीवन में क्रांति ला दी है। आधुनिक तकनीक ने बहु-कार्यात्मक उपकरणों के लिए मार्ग प्रशस्त किया है जो तेज, अधिक पोर्टेबल, उच्च-शक्ति और उपयोगकर्ता के अनुकूल हैं। प्रौद्योगिकी की इन सभी क्रांतियों ने हमारे जीवन को बेहतर, आसान, तेज और अधिक परिपूर्ण बना दिया है। प्रौद्योगिकी ने बदल दिया है कि हम कैसे अपना मनोरंजन कर सकते हैं, एक दूसरे के साथ बातचीत कर सकते हैं और सभी प्रकार की सूचनाओं का उपभोग कर सकते हैं। इतनी सारी नई प्रौद्योगिकियां दिन-ब-दिन विकसित हो रही हैं कि इसे अनुकूलित करना और ट्रैक करना भारी लगता है। इसमें कोई संदेह नहीं है कि प्रौद्योगिकी का भविष्य हमारे जीवन में क्रांति लाता रहेगा। आने वाले दिनों में ड्राइवरलेस कारें नया चलन हो सकती हैं और कारखानों में रोबोट इंसानों की जगह ले लेंगे।

ऑनलाइन दुनिया

नवीनतम प्रौद्योगिकी प्रवृत्ति ने हमारे दैनिक जीवन को पहले से कहीं अधिक ऑनलाइन गतिविधियों पर केंद्रित कर दिया है। हमारे दैनिक दिनचर्या के लगभग हर पहलू को आज ऑनलाइन पूरा किया जा सकता है, इसलिए यह अनिवार्य लगता है कि हमारा ऑनलाइन बिताया गया समय केवल बढ़ेगा। हमारी पसंद की किसी भी चीज़ की ऑनलाइन पहुंच हमें संतोषजनक स्तर की सुविधा प्रदान करती है। इसने हमारी आदतों और वरीयताओं को भी बदल दिया है। लेकिन इसने हमें असुरक्षित भी बना दिया है। हमारे द्वारा ऑनलाइन किए जाने वाले प्रत्येक डिजिटल पदचिह्न को रिकॉर्ड किया जाता है और साइबर अपराधियों द्वारा कुछ नवीनतम तकनीक का उपयोग करके फिर से अनैतिक तरीकों से उपयोग किया जा सकता है। इसलिए हमें नई तकनीक के अनुकूल होने के दौरान सावधान और अपडेट रहना होगा।

मजबूरी

हां मजबूरी है इसीलिए इंसान भटकता है। बुनता है रोज एक नई कहानी, एक नई मजबूरी कमाने का एक नया जरिया, भूखे पेट को भरने का एक नया तरीका। अजी यह बात हमारे और आपके बारे में नहीं है। मैं बात कर रही हूं उन लोगों के बारे में जिन्हें हम रोज देखते हैं, पर समझ नहीं पाते। मैं बात कर रही हूं उन लोगों की जो रोड पर बच्चों के खिलौने खाने की खट्टी मीठी चीजें सब्जियां कपड़े बेचते हैं। देखी मैं सब की बात नहीं कर रही। मैं उनकी बात कर रही हूं तो सामान बेचने के लिए कभी ट्रेन कभी किसी गार्डन के बाहर या किसी सड़क पर मुसाफिर की तरह भटकता है। क्या कहना इस मजबूरी का इंसान अपना पेट भरने के लिए कड़ी धूप में भटकता है। नंगे पांव गरम सड़कों पर चलता है और पता नहीं क्या-क्या? वैसे इनकी बात भी अलग है। मैं कुछ शब्द बोला जाऊंगी। यह कैसी मजबूरी है, रब जाने खिलौने हैं। अच्छे-अच्छे अपने बच्चों को दे नहीं

सकते। पतंगे है रंग बिरंगी पर कुछ उड़ा नहीं सकते। होली है, रंग है, पिचकारी है। वॉटर बलूंस है, पर खुद अच्छे से होली मना नहीं सकती। खट्टी मीठी कैंडी से खाने को खटीक एरिया है।

लोगों को बेचने के लिए फ्रेश फ्रूट्स है। ना जाने कैसी है, यह मजबूरी अपना पेट भर नहीं सकते। कहने को गरीब है यह पर हिम्मत हमसे ज्यादा है। इनमें अरे हमारे दिल के बड़ा होगा। इनको देखो अपना पेट भरना ना बड़ा होना हो। अपने बच्चों का पेट जरूर भरते हैं। यह हमारा इनके पास पैसे नहीं है। महंगी चीजें खरीदने और महंगा खाना खाने के लिए पर जितना भी है इनका सफल रोज चलता है। अब आप सोचते हैं कि हम बड़ी मुझे मजबूरी है या मम्मी ने मेरी फेवरेट सब्जी नहीं बनाई, मैं नहीं खाऊंगा। कितना आसान है हमारे लिए यह कहना कि कोई दूसरी सब्जी बना दो। एक बार तो हमारी प्रॉब्लम खत्म हो जाती है। मगर इनकी मजबूरी हर रोज एक नई सीडी फिर चढ़ जाती है। फिर भी घर आते समय इनका मुस्काना हम। बस

ಶಿಕ್ಷಣ ಮಾನವನ ಪ್ರಗತಿಗೆ ಆಧಾರವಾಗಿದೆ. ಶಿಕ್ಷಣ ಸ್ವತಂತ್ರವನ್ನೂ ರಕ್ಷಿಸುವ ಮತ್ತು ಸಮಾಜದಲ್ಲಿ ತುಳಿತಕ್ಕೊಳಗಾದವರನ್ನು ಮೇಲೆತ್ತಲು ಇರುವ ಸಾಧನವಾಗಿದೆ. ಶಿಕ್ಷಣದಿಂದ ಒಬ್ಬ ವ್ಯಕ್ತಿ ಜೀವನದಲ್ಲಿ ಉತ್ತಮ ಬೆಳಕು ಕಾಣಬಹುದು ಶಿಕ್ಷಣ ಕೇವಲ ಜ್ಞಾನಕ್ಕಾಗಿ ಅಲ್ಲ. ಮಾನವನಲ್ಲಿ ಜೊತೆಗೆ ನೀತಿ ಮತ್ತು ಮಾನವೀಯ ಮೌಲ್ಯಗಳನ್ನು ಬೆಳೆಸುವುದೇ ಶಿಕ್ಷಣ.

ನಮ್ಮ ಜೀವನಕ್ಕೆ ಶಿಕ್ಷಣ ಬಹಳ ಮುಖ್ಯ. ಶಿಕ್ಷಣವಿಲ್ಲದೆ ನಾವು ನಮ್ಮ ಯಶಸ್ಸನ್ನು ಸಾಧಿಸಲು ಸಾಧ್ಯವಿಲ್ಲ. ನಮ್ಮ ಉಜ್ವಲ ಭವಿಷ್ಯಕ್ಕಾಗಿ ಶಿಕ್ಷಣ ಒಂದು ಪ್ರಮುಖ ಸಾಧನವಾಗಿದೆ. ಭಾರತದಲ್ಲಿ ಆದಿ ಕಾಲದಿಂದಲೂ ನಡೆದುಕೊಂಡು ಬಂದ ಗುರುಕುಲ ಶಿಕ್ಷಣ ವ್ಯವಸ್ಥೆಯು ಜಗತ್ತಿನ ಅತ್ಯಂತ ಪುರಾತನ ಶಿಕ್ಷಣ ವ್ಯವಸ್ಥೆಯಾಗಿದೆ.

ಪ್ರತಿಯೊಬ್ಬ ವ್ಯಕ್ತಿ ಪ್ರಜಾ ವಂತರಾಗಿ ರಬೇಕು, ಪಡೆದ ಶಿಕ್ಷಣ ಒಬ್ಬ ವ್ಯಕ್ತಿಯನ್ನು ಮುಕ್ತಮನಸ್ಸಿನಿಂದ ತಾರ್ಕಿಕವಾಗಿ ಹಾಗೂ ಮುಕ್ತವಾಗಿ ಆಲೋಚಿಸುವಂತೆ ಮಾಡುವುದೇ ಶಿಕ್ಷಣ. ಶಿಕ್ಷಣ ಪಡೆದು ಪ್ರತಿಯೊಬ್ಬ ವ್ಯಕ್ತಿ ಸಮಾಜದಲ್ಲಿ ರಾಜಕೀಯ, ಸಾಮಾಜಿಕ, ಆರ್ಥಿಕ ಮತ್ತು ನೈತಿಕ ಬೆಳವಣಿಗೆ ಸಾಧ್ಯವಾಗುವುದು. ಇದರಿಂದ ಸದೃಢ ಸಮಾಜ ರಾಷ್ಟ್ರವನ್ನು ಕಟ್ಟುವುದು ಸಾಧ್ಯವಾಗುತ್ತದೆ.

ಒಬ್ಬ ವ್ಯಕ್ತಿ ಸಮಾಜದಲ್ಲಿ ಉತ್ತಮ ಸ್ಥಾನವನ್ನು ಗಳಿಸಿ ಆರ್ಥಿಕ ಸುಧಾರಣೆ ಹೊಂದಿ, ರಾಜಕೀಯ ಸ್ವತಂತ್ರವನ್ನು ಪಡೆದು ಮತ್ತು ಪ್ರತಿ ವ್ಯಕ್ತಿಯೂ ಸಮಾಜಕ್ಕೆ ಅನ್ಯಾಯ ಕೊಡುಗೆಯನ್ನು ಹೇಳುವಂತೆ ಮಾಡುವುದೇ ಶಿಕ್ಷಣ. ನೈತಿಕ ಮೌಲ್ಯಗಳಿಗೆ ಶಿಕ್ಷಣ ಅತ್ಯಂತ ಅಪಾಯಕಾರಿ ಆದ್ದರಿಂದ ಉತ್ತಮ ನಡತೆಯ ಬೆಳವಣಿಗೆಯು ಶಿಕ್ಷಣದ ಗುರಿಯಾಗಬೇಕು.

ಸಮಾಜದ ಸುಧಾರಣೆಗಾಗಿ ಕೆಲಸ ನಿರ್ವಹಿಸುವುದು ವಿದ್ಯಾವಂತರ ಪ್ರಮುಖ ಗುರಿಯಾಗಬೇಕು. ಡಾ.ಬಿ.ಆರ್. ಅಂಬೇಡ್ಕರ್ ಹೇಳಿರುವಂತೆ " ಶಿಕ್ಷಣದಿಂದ ಯಾರನ್ನು ಸಹಾ ವಂಚಿತರನ್ನಾಗಿ ಮಾಡಬಾರದು ಈ ದೇಶದ ಎಲ್ಲಾ ಜನರನ್ನು ತಲುಪಬೇಕು ವರ್ಗದವರನ್ನು ಕನಿಷ್ಠ ವೆಚ್ಚದಲ್ಲಿ ಪಡೆಯುತ್ತಿರಬೇಕು" ಆದ್ದರಿಂದ ಸಂವಿಧಾನದಲ್ಲಿ ಶಿಕ್ಷಣವನ್ನು ಈ ದೇಶದ ಪ್ರತಿಯೊಬ್ಬ ಪ್ರಜೆಯ ಮೂಲಭೂತ ಹಕ್ಕಾಗಿ ನೀಡಿದರು.

ಅಮ್ಮನ ಮಹತ್ವ

ಭೂಮಿಯಲ್ಲಿರುವ ಅತ್ಯುನ್ನತ ವಸ್ತುಗಳಲ್ಲಿ ತಾಯಿಗೆ ಬೆಲೆ ಕಟ್ಟಲೂ ಸಾಧ್ಯವಿಲ್ಲ.

ಹೆತ್ತು ಸಲಹಿ ಸಾಕಿದ' ತಾಯಿ'ಯ ಯಾವಾಗಲೂ ಮರೆಯಾಬಾರದು. ತಾಯಿ ತನ್ನ ಕನಸುಗಳನ್ನು ಮರೆತು ಸುಖವನ್ನು ತ್ಯಾಗ ಮಾಡಿ ತನ್ನ ಮಕ್ಕಳ ಸಂತೋಷವನ್ನು ತನ್ನದಾಗಿ ಮಾಪಡಿಸಿಕೊಳ್ಳುತ್ತಾಳೆ.

- 1.ತಾಯಿ ತನ್ನ ಮಕ್ಕಳ ಕೈಯನ್ನು ಸ್ವಲ್ಪ ಸಮಯ ಮಾತ್ರ ಹಿಡಿದುಕೊಳ್ಳುತ್ತಾಳೆ ಆದರೆ ಅವರ ಹೃದಯವನ್ನು ಸದಾಕಾಲ. ಹಿಡಿದುಕೊಂಡಿರುತ್ತಾಳೆ.
- 2.ನಿಮ್ಮಲಿ ಹೇಳಲೂ ಸಾಧ್ಯವಾಗದ ಸಂಪತ್ತು ಇರಬಹುದು ಮಣಗಟ್ಟಲೆ ಚಿನ್ನ ಮತ್ತು ಆಭರಣಗಳು ಇರಬಹುದು ನಾನು ನಿಮಗಿಂತಲೂ ಶ್ರೀಮಂತ 'ನನ್ನ ಬಳಿ ತಾಯಿ ಇದ್ದಾರೆ.
- 3.ನಾನು ಕೆಳಕ್ಕೆ ಬಿದ್ದಾಗ ಓಡಿ. ಬಂದು ನನಗೆ ಸಹಾಯ ಮಾಡುತ್ತಾಳೆ , ನನಗೆ ಬಿದ್ದು ಏಟು ತಿಂದಿರುವ ಔಗಕ್ಕೆ. ಸಿಹಿ ಮುತ್ತುನ್ನು ನೀಡುತ್ತಾಳೆ.
- 4.ನಮ್ಮ ಜೀವನದಲ್ಲಿ ತಾಯಿಗೆ ಹೆಚ್ಚಿನ ಪ್ರಾಮುಖ್ಯತೆ ಇದೆ ಏಕೆಂದರೆ ಅವಳಿಲ್ಲದೆ ನಮ್ಮ ಜೀವನ ಸಾಧ್ಯವಿಲ್ಲ, ಅವಳು ನಮ್ಮನ್ನು ಈ ಜಗತ್ತಿಗೆ ತರುತ್ತಾಳೆ.
5. ತಾಯಿಯು ಮೊದಲ ಶಾಲೆ ಮತ್ತು ಮೊದಲ ಶಿಕ್ಷಕ ಮತ್ತು ಮಗು ತನ್ನ ಜೀವನದಲ್ಲಿ ಹೇಳುವ ಮೊದಲ ಪದವೂ ಸಹ 'ತಾಯಿ ಅಥವಾ ಅಮ್ಮ'.
- 6.ಅಮ್ಮ ನಮಗೆ ಸಮಾಜದಲ್ಲಿ ಬದುಕುವ ವಿಧಾನವನ್ನು ಬದಲಾಯಿಸುತ್ತಾರೆ ಮತ್ತು ಬಳ್ಳಿಯದು ಮತ್ತು ಕೆಟ್ಟದು ನಡುವೆ ವ್ಯತ್ಯಾಸವನ್ನು ಹೇಳುತ್ತಾಳೆ.
7. ತಾಯಿಯು ಜನರನ್ನು ಗೌರವಿಸಲು ಕಲಿಸುತ್ತಾಳೆ.
